Uncertain citizenship Anne-Marie Fortier, 2021-04-13 Uncertainty is central to the governance of citizenship but in ways that erase even deny this uncertainty This book investigates uncertain citizenship from the unique vantage point of citizenisation twenty first century integration and naturalisation measures that make and unmake citizens and migrants while indefinitely holding many applicants for citizenship in what Fortier calls the waiting room of citizenship Fortier s distinctive theory of citizenisation foregrounds how the full achievement of citizenship is a promise that is always deferred if migrants and citizens are continuously citizenised so too are they migratised Citizenisation and migratisation are intimately linked within the structures of racial governmentality that enables the citizenship of racially minoritised citizens to be questioned and that casts them as perpetual migrants Drawing on multi sited fieldwork with migrants applying for citizenship or settlement and with intermediaries of the state tasked with implementing citizenisation measures and policies Fortier brings life to the waiting room of citizenship giving rich empirical backing to her original theoretical claims Scrutinising life in the waiting room enables Fortier to analyse how citizenship takes place takes time and takes hold in ways that conform exceed and confound frames of reference laid out in both citizenisation policies and taken for granted understandings of the citizen and the migrant Uncertain Citizenship s nuanced account of the social and institutional function of citizenisation and migratisation offers its readers a grasp of the array of racial inequalities that citizenisation

produces and reproduces while providing theoretical and empirical tools to address these inequalities *The Old Coin Book*
Jorge Lucendo, 2020-04-08 The term numismatic derives from the Latin numismatis genitive of numisma variant of non same
currency Numismatics is the science that studies currencies and elements formally or functionally related to them that is to
say all the objects that by their external appearance resemble them such as medals or tokens as well as all those that
perform a monetary function in ancient and modern societies paper money traditional money etc and those related to its
manufacture official control and use scales dumbbells and weights Numismatics played an important role in the development
of historical studies especially in the birth of Archeology When dealing only with paper money the term exclusive notafilia is
usually preferred The numismatics is known since the times of the Roman Empire although it can not be known with
certainty at what moment it began as a social phenomenon collectors Numismatics as a science begins timidly in the
