Environmental Risk and Corporate Behaviour Rui Xue,Haiyue Liu,Ruidong Chang,Di Bu,Shiyang Hu,2024-09-19 The accelerating global climate change risk highlights the importance of a quick transition towards a cleaner world Although steady progress has already been made globally substantial improvement cannot be achieved without sufficient financial support especially during the post COVID 19 recovery period where countries worldwide have to prioritize the economic recovery which might limit the support for climate change mitigation and adaptation Firms are the main greenhouse gas emitters and their contributions to the green transition thus are of vital importance to achieving

a low carbon transition However firms normally lack motivation to make green efforts even worse the business lockdowns and the supply chain disruptions during the pandemic have further weakened their already minimal commitment to mitigating climate change risks
