MARKING GUIDELINES

ACCOUNTING (PAPER 1)

12 pages

MARKING PRINCIPLES:

1. Unless otherwise stated in the marking guidelines, penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item (no penalty for misplaced item). No double penalty applied.
2. Penalties for placement or poor presentation (e.g. details) are applied only if the candidate is earning marks on the figures for that item.
3. Unless otherwise stated, give full marks for correct answer. If answer is incorrect, mark workings.
4. If a pre-adjustment figure is shown as a final figure, allocate the part-mark for the working for that figure (not the method mark for the answer). Note: if figures are stipulated in memo for components of workings, these do not carry the method mark for final answer as well.
5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or – sign or bracket is provided, assume that the figure is positive.
6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
7. If candidates provide more than the required number of responses, inspect all responses to give benefit to the candidate. Penalties may be applied for foreign entries if candidates earn full marks on a question (max. -2 per Q).
8. Where penalties are applied, the marks for that section of the question cannot be a final negative.
9. Where method marks are awarded for operation, marker must inspect reasonableness of the answer.
10. Operation means 'check operation'. 'One part correct' means operation and one part correct. Note: check operation must be +, -, x, ÷, or per memo.
11. In calculations, do not award marks for workings if numerator & denominator are swapped – this also applies to ratios.
12. In awarding method marks, ensure that candidates do not get full marks for any item that is incorrect at least in part. Indicate with a 0.
13. Be aware of candidates who provide valid alternatives beyond the marking guideline. Note that one comment could contain different aspects.
14. Codes: f = foreign item; p = placement/presentation.

Memories offers a unique insight into an unexpectedly momentous facet of Dublin's political and student life from 1913 to the end of the turbulent year that was 1916. V V Giri, fourth President of India 1969-74, who would later say of himself when I am not an Indian I am an Irishman, and a group of twelve Indian law students at King's Inns and University College Dublin witnessed and participated in the events of these dramatic years. Drawn from diaries, letters, military and university records, their memories of the Dublin Lockout, the Irish Volunteers, the Easter Rising, student integration and subversion provide a fascinating perspective on life inside and outside the university. This intersection with Ireland's wartime and insurrectionary experience inspired V V Giri's work for the Indian independence movement and had a profound effect on his fellow students. Through the eyes of Giri, his countrymen and Conor Mulvagh's expert research, a vivid and neglected narrative on 1916 is finally uncovered.

The Return of Egypt Stefano M. Torelli, 2015-09-17. Egypt has reappeared again as a leading actor in the Middle East. After the fall of Mubarak, the rise to power of the Muslim Brotherhood and its ouster, the country has chosen its new strongman. Following the elections of al Sisi, Egypt is back to pursuing a pro-active policy, not only internally but also in the neighbourhood. The restoration of the strategic axis with Saudi Arabia and the struggle against radical Islam are the two pillars of this new political phase. However, there are critical elements too: from further deterioration of the political and civil liberties, indexes to the emergence of jihadist groups in the Sinai, to the enduring economic and financial difficulties. As a result of these changes, Europe and Italy should calibrate a new policy aimed at safeguarding their interests, especially from the points of view of security, stability and the fight against terrorism, also promoting more inclusive practices by the Cairo government vis-à-vis the opposition, including the Muslim Brotherhood, and developing policies which can help Egypt to respond to future challenges in terms of economic growth, poverty alleviation, demographic pressure and the creation of employment opportunities.

Child Development at the Intersection of Race and SES, 2019-07-02. Child Development at the intersection of Race and SES, Volume 57 in the Advances in Child Development and Behavior series, presents theoretical and empirical scholarship illuminating how race, ethnicity and socioeconomic status intersect to shape children's development and developmental contexts. Important chapters in this new release include the Implications of

Intersecting Socioeconomic and Racial Identities for Academic Achievement and Well being The home environment of low income Latino children Challenges and opportunities Profiles of race ethnicity and socioeconomic status Implications for ethnic racial identity discrimination and sleep Youths sociopolitical perceptions and mental health Intersections between race class and gender and much more Rather than focusing on the additive effects of race ethnicity and SES which is typical and a limitation in the developmental literature the scholarship in this book considers how the factors and processes shaping the development of children of color can differ markedly across the socioeconomic continuum This collection illustrates how applying an intersectional lens to developmental science can yield unique insights into the challenges confronting and assets buoying both minority and majority children s healthy development **Resources in Education** ,1982 **Teaching**

Hong Kong in the expansive and contested vision of China's Belt and Road Initiative (BRI). In two main parts it first discusses the defining features of the BRI and the evolving expectations of the role of Hong Kong in the BRI from the perspectives of policy makers and the professional sectors of accountancy, finance and the law. The second part contemplates the potential opportunities for Hong Kong from the perspectives of recipient countries: Sri Lanka, Vietnam, Cambodia and Myanmar. Utilizing an action research approach and engaging the views of a broad spectrum of actors, the authors observe the critical role of agency and innovations in a context of institutional contradictions, the impact of BRI governance structure for the deficits in international participation gaps between grand state visions and commercial interests and the salience of effective communication in navigating complex policy initiatives. Taking these together unpacks the complex processes shaping Hong Kong's participation and role in the BRI. This book will appeal to students and researchers interested in the BRI and Hong Kong in the contexts of institutional contradictions, agency innovations and political dynamics as well as sustainable development.

Handbook of Automated Scoring Duanli Yan, André A. Rupp, Peter W. Foltz, 2020-02-26. Automated scoring engines require a careful balancing of the contributions of technology, NLP, psychometrics, artificial intelligence and the learning sciences. The present handbook is evidence that the theories, methodologies and underlying technology that surround automated scoring have reached maturity and that there is a growing acceptance of these technologies among experts and the public. From the Foreword by Alina von Davier. ACTNext Senior Vice President. *Handbook of Automated Scoring: Theory into Practice* provides a scientifically grounded overview of the key research efforts required to move automated scoring systems into operational practice. It examines the field of automated scoring from the viewpoint of related scientific fields serving as its foundation, the latest developments of computational methodologies utilized in automated scoring and several large scale real world applications of automated scoring for complex learning and assessment systems. The book is organized into three parts that cover 1. theoretical foundations, 2. operational methodologies and 3. practical illustrations, each with a commentary. In addition, the handbook includes an introduction and synthesis chapter as well as a cross chapter glossary.

Daily Commercial Letter, 1898. *Educating Tomorrow's Engineers*. Great Britain: Parliament: House of Commons: Science and Technology Committee, 2013-02-08. In the UK we teach young people to become computer users and consumers rather than programmers and software engineers. This is creating a chronic skills gap in ICT. We need around 82,000 engineers and technicians just to deal with retirements up to 2016 and 830,000 SET professionals by 2020. On the plus side, the Government's proposal to include computer science as a fourth science option to count towards the EBac is welcomed. The Committee also welcomes the EBac's focus on attainment of mathematics and science GCSEs but is concerned that subjects such as Design and Technology (D/T) might be marginalised. A Technical Baccalaureate (TechBac) is being designed but if it is to be a success, schools should be incentivised to focus on the TechBac by making it equivalent to the EBac. Reforms to vocational education following the Wolf Review meant that Level 2 of the Engineering Diploma a

qualification highly regarded would count as equivalent to one GCSE despite requiring curriculum time and effort equivalent to several GCSEs The Engineering Diploma however is currently being redesigned as four separate qualifications The Committee also expressed concerns over the Department for Education's DfE lack of clarity on its research budget and use of evidence in decision making The DfE needs to place greater focus on gathering evidence before changes to qualifications are made and must leave sufficient time for evidence to be gathered on the effectiveness of policies before introducing further change The possibility of gathering evidence from randomised controlled trials RCTs should be seriously considered

Intersectional Encounters in the Nineteenth-Century Archive Rachel Bryant Davies, Erin

Johnson-Williams, 2022-08-11 Rachel Bryant Davies and Erin Johnson Williams lead a cast of renowned scholars to initiate an interdisciplinary conversation about the mechanisms of power that have shaped the nineteenth century archive to ask What is a nineteenth century archive broadly defined This landmark collection of essays will broach critical and topical questions about how the complex discourses of power involved in constructions of the nineteenth century archive have impacted and continue to impact constructions of knowledge across disciplinary boundaries and beyond academic confines The essays written from a range of disciplinary perspectives grapple with urgent problems of how to deal with potentially sensitive nineteenth century archival items both within academic scholarship and in present day public facing institutions which often reflect erotic colonial and imperial racist sexist violent or elitist ideologies Each contribution grapples with these questions from a range of perspectives Musicology Classics English History Visual Culture and Museums and Archives The result is far reaching historical excavation of archival experiences
