Australia's Refugee Politics in the 21st Century Kim Huynh, 2023-06-23 Boat arrivals have defined and divided 21st century Australia This book examines the Stop the Boats era from between the 2013 and 2022 federal elections During this time the dominant political view has been that to accept a single boat family or person is to risk being overwhelmed by many others It follows that government must do whatever it takes to command Australia's borders and deter unauthorized arrivals that is Stop the Boats This book sets out the key political events and arguments for and against Australia's assurance that anyone who comes without permission will never be able to stay It examines the impact of this commitment on regional and international relations on those who seek refuge in Australia and on those who call it home This volume serves as a valuable political history and analysis for scholars policymakers students journalists and anyone who is interested in questions of contemporary exclusion and belonging **Resources in Education** , 1998 Inequality and the 1% Danny

Dorling, 2014-10-07 Since the Great Recession hit in 2008 the 1% has only grown richer while the rest find life increasingly tough The gap between the haves and the have nots has turned into a chasm While the rich have found new ways of protecting their wealth everyone else has suffered the penalties of austerity But inequality is more than just economics Being born outside the 1% has a dramatic impact on a person's potential reducing life expectancy limiting educational and work prospects and even affecting mental health What is to be done In *Inequality and the 1%* leading social thinker Danny Dorling lays bare the extent and true cost of the division in our society and asks what have the super rich ever done for us He shows that it is the 1% that threatens us with the most harm and why we must urgently redress the balance **The Land Is Sung**

Thomas M. Pooley, 2023-10-17 What does it mean to belong In *The Land Is Sung* musicologist Thomas M Pooley shows how performances of song dance and praise poetry connect Zulu communities to their ancestral homes and genealogies For those without land tenure in the province of KwaZulu Natal performances articulate a sense of place Migrants express their allegiances through performance and spiritual relationships to land are embodied in rituals that invoke ancestral connection

while advancing well being through intergenerational communication Engaging with justice and environmental ethics education and indigenous knowledge systems musical and linguistic analysis and the ethics of recording practice Pooley s analysis draws on genres of music and dance recorded in the midlands and borderlands of South Africa and in Johannesburg s inner city His detailed sound writing captures the visceral experiences of performances in everyday life The book is richly illustrated and there is a companion website featuring both video and audio examples *Mining in Latin America* Kalowatie Deonandan, Michael L. Dougherty, 2016-07-15 The last two decades have witnessed a dramatic expansion and intensification of mineral resource exploitation and development across the global south especially in Latin America This shift has brought mining more visibly into global public debates and spurred a great deal of controversy and conflict This volume assembles new scholarship that provides critical perspectives on these issues The book marshals original empirical work from leading social scientists in a variety of disciplines to address a range of questions about the practices of mining companies on the ground the impacts of mining on host communities and the responses to mining from communities civil society and states The book further explores the global and international causes consequences and innovations of this new era of mining activity in Latin America Key issues include the role of Canadian mining companies and their investment in the region and to a lesser extent the role of Chinese mining capital Several chapters take a regional perspective while others are based on empirical data from specific countries including Bolivia Brazil El Salvador Guatemala and Peru **Everything in Its Place** David B. Audretsch, 2015 Every city region and state wants to improve However while the field of strategic management exists in business schools to guide firms and organizations no such analogous field exists for places Everything in Its Place weaves together theories empirical evidence and case studies from a broad spectrum of scholarly disciplines and combines them with insights and experiences garnered from practitioners and policy makers to provide a systematic framework for guiding and informing the strategic management of places Protests as Events Ian R Lamond, Karl Spracklen, 2014-11-05 Can activism be considered a leisure activity Can the Occupy movement local campaigns for change and lone acts of personal resistance be understood as events Within the field of Events Management the content of events is generally analyzed within three categories culture sport or business Such a typology can be helpful as a heuristic for interpretation and analysis within a commercial paradigm However this framework overlooks and depoliticizes a significant variety of events those more accurately construed as protest *Protests as Events* is the first book to explore activism as a leisure activity and protests as events using a fresh interpretation of event to develop a new critical politics of events and leisure Bringing together a range of cutting edge research from around the world it explores a variety of protests through the lens of events studies and leisure in order to understand how the study of events management might be conceptualized in the protest space Statement of Particulars Regarding Books and Periodicals Published in the United Provinces United Provinces of Agra and Oudh (India). Education Dept, 1924 **The Middle Class in Neo-Urban India** Smriti Singh, 2023-11-17 This book critically examines the

new middle class and the emergence of neo urban spaces in India within the context of rapid urbanisation and changing socio spatial dynamics in urban areas in the country It looks at class as a socio spatial category where class distinction is tied to and manifests itself through the space of the city With a detailed ethnographic study of the national capital region of Delhi especially Gurugram it explores themes such as class subjectivity morality and social beliefs life inside gated enclaves family and everyday practices of class reproduction and the process of othering and exclusivity among others Class identity vulnerability and hierarchy influence the actions and motivations of the middle class The author studies the nuances and socio political fractures stemming from the complex dynamic of class caste religion and gender that manifest in these neo urban spaces and how these shape the city and community Rich in empirical resources this book will be of interest to scholars and researchers of sociology political sociology ethnography urban sociology urban studies and South Asian studies

The Rise and Fall of Civic Education Michael Learn,2024-09-16 Social studies is a field in crisis The crisis stems from failure to establish the very foundation of social studies purpose in public education civic education Social studies advocates have never put forth a coherent method for teaching civic education because policymakers and the public have been unable to agree upon a general definition of civic education This issue has disrupted the field since the early days As educators sought to include civic education within public schools as a dedicated field social studies evolved into a blending of history social sciences and civic education Social studies evolution never resolved the differences between the three with each discipline striving to control the narrative Instead of creating a unified field the disciplines devalued social studies and thus any discipline associated with it *The Rise and Fall of Civic Education* *The Battle for Social Studies in a Shifting Historical Landscape* investigates the changing definitions and purposes ascribed to social studies in the United States through time This result is viewed through the rising tensions from culture wars as America s divisive politics fight to control the narrative of the disciplines within social studies *Cities and the Super-Rich* Ray Forrest,Sin Yee Koh,Bart Wissink,2017-02-28 With

the rise of wealth inequalities our cities are changing dramatically This collection critically engages with and advances existing debates on the super rich and their roles in these transformations An interdisciplinary range of contributions from international experts including sociologists geographers historians discourse analysts and urban studies specialists reveal crucial aspects of the real estate investment practices of the super rich their social spaces in the city as well as the distinct influence of the super rich on the transformation of four key cities London Tokyo Singapore and Hong Kong By drawing together diverse disciplines perspectives and experiences across different geographical contexts this book offers a fresh comparative and nuanced take on the super rich and the 1% city as well as a solid empirically and theoretically grounded basis to think about future research questions and policy implications **Urban Politics** Myron Levine,2015-02-20 This popular text mixes classic theory and research on urban politics with the most recent developments and data in urban and metropolitan affairs Its balanced and realistic approach helps students understand the nature of urban politics and the

difficulty of finding effective solutions in a suburban and global age The ninth edition has been thoroughly rewritten and updated with a continued focus on economic development and race plus renewed attention to globalization gentrification and changing demographics Boxed case studies of prominent recent and current urban development efforts provide material for class discussion and concluding material demonstrates the tradeoff between more ideal and more pragmatic urban politics Key changes in this edition include Every chapter has been thoroughly updated and rewritten The Ninth Edition reflects the most current census data and the newest trends in such areas as the new immigration suburbanization gentrification and big city revivals There is coverage of the big city pension crisis and politics in Stockton Detroit and other cities facing possible bankruptcy A brand new opening chapter introduces the concepts of the Global City the Entertainment City and the Bankrupt City New photos and boxes appear throughout the book Increased coverage of policies for sustainable urban development

The Institute Reynold Macpherson, 2015-07-21 The Institute of Inspectors of Schools of New South Wales was established on 14 January 1914 It incorporated the traditions of the inspectorial system developed by William Wilkins the first permanent district superintendent and inspector of schools appointed by the National Board of Education on 1 July 1854 Although the inspectorate was abolished on 1 April 1990 the Institute of Senior Educational Administrators continued to provide industrial coverage for chief education officers and to serve as their professional association This history is a sociological and political examination of an organizational entity and the power it exerted in NSW public education over the last 100 years
