at the different types of military gravestones and the difference between personal graves and the Commonwealth War Graves in Britain There is also large case study on how graves can help with our ancestors sense of place and belonging All of this is complemented with official documents records and extensive use of the national and local newspapers to show how important gravestones can be

edition of *Tracing Your Northern Irish Ancestors* is an expert introduction for the family historian to the wealth of material
available to researchers in archives throughout Northern Ireland Many records like the early twentieth century census
returns and school registers will be familiar to researchers but others are often overlooked by all but the most experienced of
genealogists An easy to use informative guide to the comprehensive collections available at the Public Record Office of
Northern Ireland is a key feature of Ian Maxwell's handbook He also takes the reader through the records held in many

historians can source and use the various censuses and universal taxation returns and a variety of other sources of the pre
census period to build up a population picture of a community or a local area To set the scene a brief history of enumeration

in Ireland is outlined and the key population sources are introduced The earliest sources considered in detail are the 1660 poll tax return commonly known as Pender s Census and the hearth tax rolls All known available hearth tax rolls are listed in an appendix The various religious censuses of the eighteenth century are also examined and particular attention is paid to the most well known of these the census of 1766 The use of non census sources such as church and estate record is also considered It is shown that these non census sources can provide much useful information that would not be apparent from census substitutes Problems with working with these sources are outlined and examples of population studies both Irish and non Irish are given Although this book is written with the local historian in mind it will also be of much interest to genealogists and family historians
