International Trade and the Music Industry Lisa Gordon, 2023-01-31 Live music events are synonymous with fun but seldom associated with international trade This book serves to transform this mindset through describing the economic value of live music and analysing the factors affecting international trade in Caribbean live music services Race and ethnicity unachieved regionalism within the Caribbean and perceived biases in international trade agreements are assessed in relation to their impact on this trade Several topics presented in this book are based on empirical findings from a previous microeconomic study dedicated entirely to international trade in live music Moreover this book is unique because it compares the Caribbean and South Korea to assess the effectiveness of strategies aimed at developing international trade in live music services This comparison should inspire robust policy initiatives for advancing international trade in Caribbean live music given that South Korea is presently a heavyweight in the export of its entertainment services despite language barriers Given the interdisciplinary nature of this book it will appeal to a wide range of readers such as postgraduate students or researchers of microeconomics intraregional trade international trade international business international relations public policy and cultural studies as well as IP legal professionals live music stakeholders cultural practitioners and policymakers

God Bless America Kathleen E.R. Smith, 2014-10-17 After Pearl Harbor Tin Pan Alley songwriters rushed to write the Great American War Song an Over There for World War II The most popular songs however continued to be romantic ballads escapist tunes or novelty songs To remedy the situation the federal government created the National Wartime Music Committee an advisory group of the Office of War Information OWI which outlined proper war songs along with tips on how and what to write The music business also formed its own Music War Committee to promote war songs Neither group succeeded The OWI hoped that Tin Pan Alley could be converted from manufacturing love songs to manufacturing war songs just as automobile plants had retooled to assemble planes and tanks But the OWI failed to comprehend the large extent by

which the war effort would be defined by advertisers and merchandisers Selling merchandise was the first priority of Tin Pan Alley and the OWI never swayed them from this course Kathleen E R Smith concludes the government s fears of faltering morale did not materialize Americans did not need such war songs as Goodbye Mama I m Off To Yokohama There Are No Wings On a Foxhole or even The Sun Will Soon Be Setting On The Land Of The Rising Sun to convince them to support the war The crusade for a proper war song was misguided from the beginning and the music business then and now continues to make huge profits selling love not war songs *Top Popular Music of the Early 20th Century: 1900 - 1949 -- Rankings, Artists & Links* Wayne Cottrell,2019-04-13 This book features by decade rankings of music singles and albums in six different genres covering the first half of the 20th century The decade of the 1890s is also included The rankings pertain to U S music charts wherein a typical week s chart would be based on sales radio airplays jukebox plays and or a combination of one or more of these The genres include children s classical country instrumental popular and rhythm blues music Short biographies on a selection of artists are located throughout the book The artists index includes some vital statistics
