Harper,2017-11-24 Excerpt from Manual of Farm Animals A Practical Guide to the Choosing Breeding and Keep of Horses Cattle Sheep and Swine From the above it will be seen that the author s purpose is to discuss the general care and management of farm animals rather than the breeds However a knowledge of the breeds is necessary To economize space and the reader s time the writer has adopted the method of freely inserting pictures of good animals of many breeds with liberal legends letting them run as a minor motive throughout the book By this plan it is hoped that some of the main characteristics of the breeds may be taken away by the reader with little effort on his part About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
