Ancient Investigator Princes And Pirates Of America:

Ancient Investigator Harry Davis, 2017-11-27 This is more than just a history book it is an adventure into the lives of those who chose to live on the edge of history Princes and Pirates both are known for possessing great treasures One usually owned the treasures legally and out rightly the other ill gotten loot was taken through murder on land and the high seas You could find their lost treasure by tracking their lives Both Prince and Pirate needed to secure their treasure just as everyone who owns more money than they can carry around on their person In the not too distant past there were no official banks to hold cash and valuables for those who needed a holding place so the individual had to find other means to hide their wealth from others Princes could place their treasures in castles and forts guarded by armed guards When the royal heirs left for war or adventuring they would carry much of their wealth with them to buy mercenaries and war machines or as barter in foreign lands Pirates had their secret hide a ways and maps to lead to them and since they could not trust many of their vagabond crew they had to trust their wits and creativity in hiding away their stash This was true for each member of the crew so he or she all had to have a special cache unknown to others yet easy to get to if they had to make a get a way Many didn't get a way Princes travelling to a far country or to do war would often carry their wealth with them since to leave it could invite an uprising or coo This is an important point since one of the stories covered in this book is about a Welsh Prince who travelled all the way across the Atlantic Ocean and into the Gulf of Mexico with no guarantee of ever returning I believe the wealth of a prince and perhaps two princes Madoc's brother who led the Irish fleet could be buried near the mouth of Mobile Bay On the opposite side of Mobile Bay several chests of gold coins could still be buried in the muck Purloined loot secreted away by a very bloody land pirate who roamed this area with a trained gang of nearly a hundred murderers and who had special code symbols to mark the way to barrels of gold coins

Ancient Investigator Harry Davis, Harry P. Davis, Sir, 2015-01-19 Princes and Pirates of America both left their legacies in our country stolen in darkness buried in mystery and sealed with blood EXCERPTS PRINCE MADOC In Search of the First King in America Madoc ap Owaine Gwynned A mild Prince of Wales is said to have left his homeland in the 12th century to keep from killing his brothers and kinsmen in a senseless war over their inheritance There are also those who believe in a legend of a Prince Madoc sailing to America in the 6th century The legend says Prince Madoc brought 70 ships and 70 000 people from Wales Perhaps there were two Prince Madocs and the first left maps and information to his heirs and 500 years later a young Prince of the family arose and followed the maps For now we will deal with the 1170 legend It has even been speculated this Prince traveled to the lands of the Mayans and perhaps was thought of as a white god or ruler coming back to rescue them DESOTO Here is why I believe I've located the area where Mabila should be waiting all these years to be discovered Landmarks change and especially riverbeds HIDDEN CITY of GOLD in ALABAMA I say should be for a reason there is another layer of mystery on top of this layer The accounts could be a cover up for a literal City of Gold hidden somewhere on this trail of murder and deceit More on
