Arkography Gunnar Olsson, 2020-05-01 In this fascinating text Gunnar Olsson tells the story of an arkographer who with Pallas Athene's blessings travels down the Red River Valley navigates the Kantian Island of Truth and takes a house tour through the Crystal Palace the latter edifice an imagination grown out of Gunnael Jenson's sculpture Mappa Mundi Universalis This travel story carries the arkographer from the oldest creation epics extant to the power struggles of today nothing less than a codification of the taken for granted a mapping of the no man's land between the five senses of the body and the sixth sense of culture By constantly asking how we are made so obedient and predictable the explorer searches for the present day counterparts to the biblical ark the chest that held the commandments and the rules of behavior that came with them hence the term arkography a word hinting at an as yet unrecognized discipline In Arkography Olsson strips bare the governing techniques of self-declared authorities including those of the God of the Old Testament and countless dictators the latter supported by a horde of lackeys often disguised as elected representatives and governmental functionaries From beginning to end Arkography is an illustration of how every creation epic is a variation on the theme of chaos turning into cosmic order A palimpsest of layered meanings a play of things and relations identity and difference One and many you and me **The Spectralities Reader** Maria del Pilar Blanco, Esther Peeren, 2013-08-29 Ghosts spirits and specters have played

important roles in narratives throughout history and across nations and cultures A watershed moment for this area of study was the publication of Derrida's *Specters of Marx* in 1993 marking the inauguration of a spectral turn in cultural criticism Gathering together the most compelling texts of the past twenty years the editors transform the field of spectral studies with this first ever reader employing the ghost as an analytical and methodological tool The Spectralities Reader takes ghosts and haunting on their own terms as wide ranging phenomena that are not conscripted to a single aesthetic genre or style Divided

into six thematically discrete sections the reader covers issues of philosophy politics media spatiality subject formation gender race and sexuality and historiography It anthologizes the previously published work of theoretical heavyweights from different disciplinary and cultural backgrounds such as Jacques Derrida Gayatri Spivak and Giorgio Agamben alongside work by literary and cultural historians such as Jeffrey Sconce and Roger Luckhurst *New Achievements in Geoscience*

Hwee-San Lim,2012-03-23 *New Achievements in Geoscience* is a comprehensive up to date resource for academic researchers in geophysics environmental science earth science natural resource managements and their related support fields This book attempts to highlight issues dealing with geophysical and earth sciences It describes the research carried out by world class scientists in the fields of geoscience The content of the book includes selected chapters covering seismic interpretation potential field data interpretation and also several chapters on earth science *Sinister Resonance* David Toop,2010-01-01 A major new work from one of the world s most erudite intellectual and influential thinkers and writers about sound and music **Popular Science** ,1996-01 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
