come fulfilling people's worldwide needs in a greater way Setting Performance Standards Gregory J. Cizek, 2012-03-22
 Setting standards of performance is a ubiquitous task in education licensure certification and credentialing. It is found in elementary schooling, the professions, commercial applications, and governmental and private organizations. It is one of the most complex, controversial, and vexing issues facing specialists and policy makers today. This second edition solidifies Setting Performance Standards as the only book providing a comprehensive profile of both the issues and the how-to methods that define this thorny field. Four chapters have been removed, 11 chapters have been added, 2 chapters have major revisions, and all chapters have been updated. Comprehensive Part I provides a conceptual overview of standard setting and its overarching issues. Part II provides practical how-to information on the newest standard setting methods. Part III provides information and advice on persistent and potential challenges in standard setting. Practical Part II, the heart of the book, reviews 16 of the newest standard setting methods far more than any other book. Expertise: Most of the well-known authors from the 1st edition return with authors of equal stature contributing new chapters. *Jane Eyre Thrift Study Edition* Charlotte Brontë, 2011-07-19
