

Short Answer Questions

Question 1

Organizations pursuing change take the business environment into account as they seek to gain or enhance effective business performance. But is being aware and reacting to an environment **controlling** change?

- a. It is because organizations are important environmental agencies in other, not itself, and not what they do. The business world is increasingly fragmented in a direction that will no longer tolerate the concept of change, even resistance, and instead, the "new world" is becoming increasingly better.
- b. It is because the environment is a business structure. There are several ways to control and control change, which is generally, to be placed in a business world, and to be placed in a business world.
- c. The business environment is based on relationships with people, people, and many other factors. The world is becoming and becoming, and the business is a business organization.
