Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better When Tish Happens Frank Davey,2011-04 In the early 1960s a group of students at UBC started a magazine called Tish The name was purposefully an anagram of shit in order to demonstrate their youthful and iconoclastic attitude In many ways Tish and its editors became the clear break from older Canadian poets and styles At the heart of the magazine and the movement was Frank Davey And it is Davey who has written this definitive history Davey has organized the material as a memoir starting from his own early days in Abbotsford B C and gradually introducing the other poets including George Bowering Daphne Marlatt and Fred Wah despite the fact that Davey doesn t meet them until they all arrive at UBC Much of the theory of the Tish poets derives from the Black Mountain poets an American movement that incorporated the writings of Charles Olson Robert Creeley and Robert Duncan who suggested the name itself The Black Mountain poets believed that writing should be locally based and should grow out of the author s own breathing patterns The more specific to a locale the better The poets are introduced as characters in a play and when Fred Wah says Let s start a magazine things happen The first 19 issues became the calling card for a new type of poetry but inevitably the writers began to go their own way It is Davey s commitment that holds the group together despite their geographical separation The Tish movement provided the impetus to create a new more contemporary Canadian poetry And here Frank Davey reveals how it started grew and became a lasting force **Motor Sport** William Boddy,1972 *Classic Mustang HP1556* Editors of Mustang Monthly Magazine,2011-03-01 This is a compilation of more than 50 restoration and maintenance projects for Mustangs built from 1964 through 1973 the most popular collectible Mustangs Includes how to projects on engine and drivetrain electrical body work interior chassis and suspension **Road and Track** ,1983 Rural Living ,1992-12
