

Mark schemes are prepared by the Lead Assessment Writer and considered, together with the relevant questions, by a panel of subject teachers. This mark scheme includes any amendments made at the standardisation meeting which all assessors participate in and is the scheme which was used by them in this examination. It is the standardisation process which produces this mark scheme. It covers the students' responses to the questions and the very assessors must apply it in the same correct way. As preparation for standardisation, the assessor analyses a number of students' scripts. Alternative answers not already covered by the mark scheme are discussed and included for. If, after the standardisation process, assessors encounter unusual answers which have not been raised they are required to refer these to the Lead Examiner.

It must be stressed that a mark scheme is a working document, in many cases further developed and expanded on the basis of students' reactions to a particular paper. Assumptions about future mark schemes on the basis of one year's document should be avoided; whilst the guiding principles of assessment remain constant, details will change, depending on the content of a particular examination paper.
