

LESSON 2

Read the following selection to get the general meaning. Read it a second time, paying special attention to the words in dark type. Notice how they are used

From **The Sign of the Beaver** by Elizabeth George Speare

Hour after hour, with his bow, Matt tramped through the forest, the dog beside him. There was not much game to hunt these days. More often than not, his snares were empty. Soon the animals would be buried deep in burrows. Twice he had glimpsed a caribou moving through the trees, but he had little hope of bringing down any large animal with his light arrows. Once in a long while he succeeded in shooting a duck or a muskrat. The squirrels were too quick for him. Although the dog was certainly not much of a hunter, he did **occasionally** track down some small creature. But he also had to eat his share, sometimes more than his share, because Matt could not **resist** those beseeching eyes. Truth to tell, they were both hungry much of the time.

Luckily, they would not starve with the pond and creeks **teeming** with fish. Matt knew that for many months of the year fish filled the Indian cookpots. Luckily too, fish were easy to catch, though Matt had to be continually

in sentences. These are Master Words. These are the words you will be working with in this lesson.

twisting and **splicing** new lines from vines and spruce roots. Mornings, now, he had to shatter a skim of ice on the pond. Soon he would have to cut holes with his axe and let his lines down deep. He shivered to think of it.

It was the cold that bothered him most. His homespun jacket was still **sound**, since he had had little use for it in the warm weather. But his **breeches** were **threadbare**. One knee showed naked through a **gaping** hole, and the frayed legs stopped a good five inches above his ankles. His linen shirt was thin as a page of his father's Bible, and so small for him that it threatened to split every time he moved. Even inside the cabin he was scarcely warm enough. The moment he ventured outside his teeth chattered. He thought **enviously** of the Indians' deerskin leggings. But a deer was far beyond his **prowess** as a hunter.
