Support Not Surveillance: How to solve the teacher retention crisis Mary Bousted, 2022-04-08

Why are so many teachers leaving the profession increasingly early in their careers

What harm is being done to pupils' educational prospects by persistent teacher shortages

Why are teachers held uniquely responsible for the effects of poverty on children's progress and attainment

What are the unintended consequences of rushed government education policy making

And what can be done about all of the above

Supported by the latest international and national evidence

Support Not Surveillance seeks to address these important questions

Laying bare how the inadequacy of Westminster policies is compounded by an unfair Ofsted inspection regime

Dr Mary Bousted draws on her years of expertise and access to decision makers to expose the gap between ministerial rhetoric and the daily reality encountered by teachers in their classrooms across England

Ending on a set of proposals to move beyond the seemingly perennial crisis in teacher recruitment and retention

Support Not Surveillance is an
