Serriere, 2015 As former elementary school teachers the authors focus on what is possible in schools rather than a romantic vision of what schools could be Based on a 5 year study of an elementary school this book shows how civic engagement can be purposive and critical a way to encourage young people to examine their environment to notice and question injustices and to take action to make a difference in their communities and school Focusing on the intersection of student voice and critical inquiry the book describes how to embed civic engagement into curriculum school decision making processes and whole school activities Chapters provide an overview of what research has demonstrated about civic engagement at the classroom school and community levels including detailed descriptions of activities and lessons for practice Classroom teachers school principals community members and teacher educators can use this resource to foster a deeper richer understanding of what is entailed in civic life Book Features A vivid portrait of a typical public school that wants to do more than teach to the test An examination of the conditions that enable young people to participate in democratic practices including identifying and questioning injustices Concrete examples of student voice and critical inquiry in classroom contexts Practices and activities that encourage children to get along with others exchange perspectives and work across differences Offers a suggestive range of evidence that high quality civic engagement initiatives can enhance students academic social and emotional engagement It reveals the nitty gritty of how experienced teachers can enable children who are immersed in meaningful civic work also to engage more deeply with mathematical problem solving peer collaboration literacy and social studies learning and development of empathy and mutual trust From the Foreword by Meira Levinson Mitra and Serriere show us not only that elementary aged children are capable of civic engagement but how such engagement can be nurtured in the classroom Children can be active civic participants this book demonstrates both the power of this idea and how we might accomplish this essential task Beth C Rubin Rutgers University

School-University-Community Collaboration for Civic Education and Engagement in the Democratic Project R. Martin Reardon, Jack Leonard, 2022-05-01 The Campaign for the Civic Mission of Schools 2011 lamented the lack of high

quality civic education in America's schools that leaves millions of citizens without the wherewithal to make sense of our system of government p 4 Preus et al 2016 cited literature to support their observation of a decline in high quality civic education and a low rate of civic engagement of young people p 67 Shapiro and Brown 2018 asserted that civic knowledge and public engagement is at an all time low p 1 Writing as a college senior Flaherty 2020 urged educators to bravely interpret national local and even school level incidents as chances for enhanced civic education and to discuss them with students in both formal and casual settings p 6 In this eighth volume in the Current Perspectives on School University Community Research series we feature the work of brave educators who are engaged in schooluniversity community collaborative educational endeavors Authors focus on a wide range of projects oriented to civic education writ large some that have been completed and some that are still in progress but all authors evince the passion for civic education that underpins engagement in the democratic project

Positive Alpha Generation Claude Diderich, 2009-02-18 Diderich describes tools and techniques which can be used to develop quantitative models for actively managing investment products and focuses on how theoretical models can and should be used in practice He describes the interaction between different elements of an investment process's value chain in a single and consistent framework A key focus is placed on illustrating the theory with real world examples At the end of the book the reader will be capable of designing or enhancing an investment process for an investment or portfolio managers products from start to finish Increased pressure to add value through investments makes this a hot topic in the investment world Combined theoretical and practical approach makes this book appealing to a wide audience of quants and investors The only book to show how to design and implement quantitative models for gaining positive alpha

Government Contracting Robert Shick, 2015-12-07 Government contracting is one of the most important issues facing federal state and local governments As governments contend with lower tax revenues and a growing belief that smaller government is better government contracting has become a fundamental means of providing goods and services to citizens This volume which is geared toward practitioners as well as students addresses the broad range of issues that comprise government contracting from the political economic philosophy and value of contracting to the future of government

contracting Throughout the volume academic theory provides a foundation to address practical subjects including the contract process monitoring and evaluating contracts ethics and both federal and state local government contracting Contributors to this volume are both academicians and practitioners who together offer their scholarly expertise and practical experience encouraging readers to ask the very question What is the role of government in American society Through this approach students will acquire the knowledge needed to understand the various aspects of government contracting and practitioners will enhance their public procurement skills Government Contracting is ideally suited to MPA students practitioners in the public sector and elected officials looking to enhance their understanding of privatization and contracting in order to provide public services more effectively Continual Improvement in Government Tools and Methods Jerry W. Koehler, 2017-10-19 Key to the success of quality implementation is the understanding team members have of the process and the tools to be used Continual Improvement in Government Tools and Methods was designed to provide users with a complete description and practical examples of these tools and viable techniques that will benefit teams This book examines the four most popular tools flowcharting cause and effect diagrams Pareto charts and histograms and shows how to apply them in the public service sector To improve processes requires effective decision making and effective decision making begins with accurate data Koehler and Pankowski dispel the myths and fears of data collection and analysis In a step by step approach they lead you through the very heart of Quality Management DATA Continual Improvement in Government Tools and Methods provides an understandable format that explains the importance of data the differences in the quality of data why it is collected and how it is used *Resources in Education*, 2001-04 *Designing Green Networks and Network Operations* Daniel Minoli, 2011-04-25 In recent years socio political trends toward environmental responsibility and the pressing need to reduce Run the Engine RTE costs have resulted in the concept of Green IT Although a significant amount of energy is used to operate routing switching and transmission equipment comparatively less attention has been paid to Green Networking A **Challenges of Expanding Internet: E-Commerce, E-Business, and E-Government** Matohisa Funabashi, Adam Grzech, 2006-06-08 2 1 E Government e Governance and e Democracy The term Electronic Government e Government as an expression was coined after the example of Electronic Commerce In spite of being a relatively recent expression e Government designates a field of activity that has been with us for several decades and which has attained a high level of penetration in many countries 2 What has been observed over the recent years is a shift on the broadness of the e Government concept The ideas inside e Governance and e Democracy are to some extent promising big changes in public administration The demand now is not only simply delivering a service line It is to deliver complex and new services which are all citizen centric Another important demand is related to the improvement of citizen s participation in governmental processes and decisions so that the governments transparency and legitimacy are enforced In order to fulfill these new demands a lot of research has been done over the recent years see Section 3 but many challenges are still to be faced not
