

Short Answer Questions

Question 1

Organizations pursuing change take the business environment into account as they seek to achieve effective business performance. But is being aware and reacting to an environment necessary for success?

- a. It is because organizations are important stakeholders. Success is often not meted, and not what they say the business needs to be. Success is determined by the organization's ability to change its behavior to meet the needs of its stakeholders, and success is not what they say the business needs to be.
- b. It is because the business environment is a business structure. Success is determined by the organization's ability to change its behavior to meet the needs of its stakeholders, and success is not what they say the business needs to be.
- c. The business environment is based on relationships with suppliers, clients, and other stakeholders. The business environment is not the business, but it is the business's environment.
