small organic dairy farm that would change her life for the better although it didn't seem that way in the beginning First she
had to come to grips with cows shocked into place cannibal chickens and free range turkeys that went nowhere But there
were bright lights as well happy frolicking calves on a veal farm and farmers who cared as much about the animals as their
pocketbooks What started as a two week volunteer vacation turned into a journey that reached into the darkest recesses of
the animal agriculture industry Surrounded by a colorful cast of characters Faruqi's quest to discover the truth about modern
agribusiness took her around the world Lively edgy and balanced Project Animal Farm sheds light on the international
agribusiness with the ultimate goal of improving the lives of farm animals here at home Using her finance background to
