increase in left parties presence in parliament defeat of far right parties and right wing populists In so doing it aims to understand the near and longer term prospects of multicultural policy multicultural discourse demographic multiculturalism and laws and regulations related to the immigration process in the 21st century and in an increasingly complex ideological environment The book comprises case studies of multicultural developments in eight countries Sweden Canada Aotearoa New Zealand Switzerland Germany the United States Australia and the United Kingdom all of which have recently 2014 2024 experienced a shift to the left in national level politics albeit in different ways and to varying degrees In addition to understanding what has happened to multicultural policy and discourse in recent years the book also sets out to identify the conditions under which multiculturalism is more or less likely to mend after a shift to the left in government The book s overall aim is to see whether there is a future for multiculturalism in an increasingly ideologically complex environment or whether the victories of the political right the rise of populism the resurgence of anti immigrant racism the COVID 19 pandemic and the changing nature of minority mobilization have irreversibly altered the course of multicultural affairs
