The Blue Compendium Jane Lubchenco,Peter M. Haugan,2023-05-24 Home to over 80 percent of all life on Earth the ocean is the world s largest carbon sink and a key source of food and economic security for billions of people The relevance of the ocean for humanity s future is undisputed However the ocean s great potential to drive economic growth and equitable job creation sustain healthy ecosystems and mitigate climate change is not yet fully recognised Lack of awareness of this potential as well as management and governance challenges pose impediments Until these impediments are removed ocean ecosystems will continue to be degraded and

opportunities for people lost A transition and a clear path to a thriving and vibrant relationship between humans and the ocean are urgently needed This open access collection of papers and reports identifies a path that is inspired by science energised by engaged people and emboldened by visionary leaders These assessments of knowledge are commissioned by the High Level Panel for a Sustainable Ocean Economy Ocean Panel which was established in September 2018 as a unique initiative led by heads of state and government from around the world to showcase the latest leading edge science knowledge and state of the art thinking on key ocean issues Altogether The Blue Compendium offers innovative ocean solutions in technology policy governance and finance realms that could help accelerate a transition to a more sustainable and prosperous relationship with the ocean The comprehensive assessments have already informed policy making at the highest levels of government and motivated an impressive array of responsive and ambitious action across a growing network of leaders in business finance and civil society

Medical Perspectives on Human Trafficking in Adolescents Kanani E. Titchen,Elizabeth Miller,2020-07-01 Human trafficking is an increasingly large issue in medicine particularly for the adolescent population The pubertal and neurologic development of early and mid adolescence may serves as a foothold for trauma bonds and human trafficking To date there are few case studies of human trafficking in the medical literature More often these cases are missed and human trafficking patients are unlikely to disclose their victimization to their physicians for multiple reasons As a result physicians fail to ask key questions and fail to notice important red flags for human trafficking Research shows that this is primarily due to a lack of medical training and awareness and a resultant denial on the part of many physicians that victims of human trafficking present to their clinics or specialties div This book provides clinicians with a case based guide to scenarios they may encounter in their practice that involve human trafficking These cases include those involving sex trafficking and labor trafficking male and female and transgender victims victims from a range of racial ethnic geographic and socioeconomic backgrounds as well as presentations of adolescent and young adult victims to fields such as adolescent medicine general pediatrics neonatology rheumatology transplant medicine and obstetrics gynecology in addition to the stereotypical presentations to emergency departments Each case is followed by a discussion that highlights key aspects of human trafficking in adolescent and young adult patients These discussions also reference the growing body of research on human trafficking orient the reader to medico legal aspects of reporting human trafficking in the adolescent and young adult populations and feature useful questions exercises and resources to promote discussion among those medical professionals who interact with adolescent medicine and young adult patients Written by physicians legal advocates and lawyers **Medical Perspectives on Human Trafficking in Adolescents** is the definitive guide for all clinicians who care for adolescent patients It is also a useful resource for mental health professionals and social workers

Emergency Medical Services, 2 Volumes Jane H. Brice,Theodore R. Delbridge,J. Brent Myers,2021-11-17 The two volume **Emergency Medical Services Clinical Practice and Systems Oversight** delivers a thorough foundation upon which to succeed as an EMS medical

director and prepare for the NAEMSP National EMS Medical Directors Course and Practicum Focusing on EMS in the real world the book offers specific management tools that will be useful in the reader's own local EMS system and provides contextual understanding of how EMS functions within the broader emergency care system at a state local and national level The two volumes offer the core knowledge trainees will need to successfully complete their training and begin their career as EMS physicians regardless of the EMS systems in use in their areas A companion website rounds out the book's offerings with audio and video clips of EMS best practice in action Readers will also benefit from the inclusion of A thorough introduction to the history of EMS An exploration of EMS airway management including procedures and challenges as well as how to manage ventilation oxygenation and breathing in patients including cases of respiratory distress Practical discussions of medical problems including the challenges posed by the undifferentiated patient altered mental status cardiac arrest and dysrhythmias seizures stroke and allergic reactions An examination of EMS systems structure and leadership
