Civic Education in the Elementary Grades Dana Mitra, Stephanie C. Serriere, 2015 As former elementary school teachers the authors focus on what is possible in schools rather than a romantic vision of what schools could be Based on a 5 year study of an elementary school this book shows how civic engagement can be purposive and critical a way to encourage young people to examine their environment to notice and question injustices and to take action to make a difference in their communities and school Focusing on the intersection of student voice and critical inquiry the book describes how to embed civic engagement into curriculum school decision making processes and whole school activities Chapters provide an overview of what research has demonstrated about civic engagement at the classroom school and community levels including detailed descriptions of activities and lessons for practice Classroom teachers school principals community members and teacher educators can use this resource to foster a deeper richer understanding of what is entailed in civic life Book Features A vivid portrait of a typical public school that wants to do more than teach to the test An examination of the conditions that enable young people to participate in democratic practices including identifying and questioning injustices Concrete examples of student voice and critical inquiry in classroom contexts Practices and activities that encourage children to get along with others exchange perspectives and work across differences Offers a suggestive range of evidence that high quality civic engagement initiatives can enhance students academic social and emotional engagement It reveals the nitty gritty of how experienced teachers can enable children who are immersed in meaningful civic work also to engage more deeply with mathematical problem solving peer collaboration literacy and social studies learning and development of empathy and mutual trust From the Foreword by Meira Levinson Mitra and Serriere show us not only that elementary aged children are capable of civic engagement but how such engagement can be nurtured in the classroom Children can be active civic participants this book demonstrates both the power of this idea and how we might accomplish this essential task Beth C Rubin Rutgers University

School-University-Community Collaboration for Civic Education and Engagement in the Democratic Project R. Martin Reardon, Jack Leonard, 2022-05-01 The Campaign for the Civic Mission of Schools 2011 lamented the lack of high quality civic education in America s schools that

leaves millions of citizens without the wherewithal to make sense of our system of government p 4 Preus et al 2016 cited literature to support their observation of a decline in high quality civic education and a low rate of civic engagement of young people p 67 Shapiro and Brown 2018 asserted that civic knowledge and public engagement is at an all time low p 1 Writing as a college senior Flaherty 2020 urged educators to bravely interpret national local and even school level incidents as chances for enhanced civic education and to discuss them with students in both formal and casual settings p 6 In this eighth volume in the Current Perspectives on School University Community Research series we feature the work of brave educators who are engaged in schooluniversity community collaborative educational endeavors Authors focus on a wide range of projects oriented to civic education writ large some that have been completed and some that are still in progress but all authors evince the passion for civic education that underpins engagement in the democratic project

Positive Alpha Generation Claude Diderich,2009-02-18 Diderich describes tools and techniques which can be used to develop quantitative models for actively managing investment products and focuses on how theoretical models can and should be used in practice He describes the interaction between different elements of an investment process s value chain in a single and consistent framework A key focus is placed on illustrating the theory with real world examples At the end of the book the reader will be capable of designing or enhancing an investment process for an investment or portfolio managers products from start to finish Increased pressure to add value through investments makes this a hot topic in the investment world Combined theoretical and practical approach makes this book appealing to a wide audience of quants and investors The only book to show how to design and implement quantitative models for gaining positive alpha Electronic Government Marijn Janssen,Hans Jochen Scholl,Maria A.
