of Fathers of the Final Act Based on extensive archival research in eleven countries on three continents this book traces the evolution of the negotiations providing a compelling bottom up account of how diplomacy works in practice against the backdrop of inter state conflict and unequal power This book will be of much interest to students of Cold War History European history British history and International Relations **Bulletin of the Atomic Scientists** ,1983-08 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world
