the stage for his dramatizations of a wild sense of the pastoral McCarthy's fourth novel *Suttree* which is the only one set inside an urban environment is used in the introductory chapter to discuss the relevant compositional aspects of his fiction and the methodology of the chapters to come The main part of the study devotes chapters to McCarthy's Southern novels his keystone work *Blood Meridian* and the Western novels known as the Border Trilogy The concluding chapter discusses the broader context of American pastoralism and suggests that McCarthy's ecopastoralism is animistic rather than environmentalist in character Guillemin shows that the very popular Border Trilogy takes McCarthy's ecopastoralism to its culmination although this is often overlooked precisely because of the simplicity of the plots picaresque quests As the trilogy arranges its plots as a search for a life of pastoral harmony *All the Pretty Horses* envisions a nomadic version of pastoral The Crossing and experiences the foreclosure of the pastoral vision anywhere Cities of the Plain the trilogy as a whole tacitly acknowledges the obsolescence of utopian pastoralism Increasingly man ceases to be the dominant focus of narration so that the shift from an egocentric to an ecocentric sense of self marks both the heroes and narrators of McCarthy's novels

The Horses of Cormac McCarthy's «All the Pretty Horses»: Rides and Rites of Passage Vanessa Keiper, 2021-03-19 The horses in *All the Pretty Horses* are ubiquitous but rarely the center of attention Their depiction is surprisingly authentic and without anthropomorphization This book illustrates how an equicentric reading offers new insights into the novel's spaces characters and relationships It features comparisons with popular horse narratives and an equicentric analysis of the novel's gender relations How does horsemanship redefine masculinity What is the inherent connection between femininity and the equine This book answers these questions from an equicentric perspective while taking into account patterns of anthropocentrism and misogyny In addition the focus is on the narratees and on how the degree of equine experience they bring to the narrative may enhance the horses' figurative significance

 Sara L. Spurgeon,2005-03-01 The frontier and Western expansionism are so quintessentially a part of American history that
 the literature of the West and Southwest is in some senses the least regional and the most national literature of all The
 frontier the place where cultures meet and rewrite themselves upon each other s texts continues to energize writers whose
 fiction evokes destroys and rebuilds the myth in ways that attract popular audiences and critics alike Sara L Spurgeon
 focuses on three writers whose works not only exemplify the kind of engagement with the theme of the frontier that modern
 authors make but also show the range of cultural voices that are present in Southwestern literature Cormac McCarthy Leslie
 Marmon Silko and Ana Castillo Her central purposes are to consider how the differing versions of the Western mythic tales
 are being recast in a globalized world and to examine the ways in which they challenge and accommodate increasingly fluid
 and even dangerous racial cultural and international borders In Spurgeon s analysis the spaces in which the works of these
 three writers collide offer some sharply differentiated visions but also create new and unsuspected forms providing the most
 startling insights Sometimes beautiful sometimes tragic the new myths are the expressions of the larger culture from which
 they spring both a projection onto a troubled and troubling past and an insistent prophetic vision of a shared future **All**
