Architectures of the Near Future Nic Clear,2009-10-12 In this highly pertinent issue guest editor Nic Clear questions received notions of the future Are the accepted norms of economic growth and expansion the only means by which society can develop and prosper Should the current economic crisis be making us call into question a future of unlimited growth Can this moment of crisis economic environmental and technological enable us to make more informed choices about the type of future that we want and can actually achieve Architectures of the Near Future offers a series of alternative voices developing some of the neglected areas of contemporary urban life and original visions of what might be to come Rather than providing simplistic and seductive images of an intangible shiny future it rocks the cosy world of architecture with polemical blasts Draws on topics as diverse as synthetic space psychoanalysis Postmodern geography post economics cybernetics and

developments in neurology Includes an exploration of the work of JG Ballard Features the work of Ben Nicholson

LogoLounge 7 Bill Gardner, Anne Hellman, 2012-08 This celebratory book the seventh in the series once again pays tribute to the brilliant work top designers around the world have created for a diverse clientele This inspiring collection provides a wealth of insight for graphic designers and their clients The LogoLounge website www.logolounge.com showcases the work of the world's top designers as well as up and coming new talent and this book presents the site's best designs of the past year as judged by an elite group of name brand designers The first portion LogoLounge 7 profiles ten top designers and spotlights their biggest newest campaigns A handful of their smaller projects are also featured in this section along with unused logos that have never before been seen The second half of the book contains almost 2 000 logos organized by visual categories
