

# Fossil Patterns Show the Order of Flood Deposits

Because there is a clear order in the rock layers, we can look closely at the fossils contained in each of these layers to get clues about why the creatures were deposited in this particular sequence. We find a definite sequence of fossils (Figure 4) that show evidence of waters rising and progressively burying different ecological zones. We also see patterns of fossilized tracks in rock layers lower than we find the actual fossilized creature (Figures 5-6).

## VERTEBRATE TRACKWAYS BELOW VERTEBRATE FOSSILS (FIGURE 6)

Reptile footprints (right) are found much lower than the fossilized bodies of reptiles in the Grand Canyon. This strange pattern is easy to explain if the reptiles were scrambling to safety with each incoming deposit, until they died in exhaustion.

## TRILOBITE TRACKS ABOVE TRILOBITE FOSSILS (FIGURE 5)

Trilobite footprints (bottom right) are consistently found lower than the fossilized bodies of trilobites (upper right). This pattern makes sense if these shallow marine invertebrates were scrambling to safety with each incoming deposit of mud, until they died in exhaustion.

## ORDER OF CREATURES BURIED IN THE GRAND STAIRCASE (FIGURE 4)

This table identifies the types of fossils found in each rock layer.

The fossils in bold text represent the first appearance of that type of fossil.

Findley, Mary C. Findley, The worldwide Flood is one of the most discounted records in the Scriptures Yet it is supported around the world by historical accounts Take a look at feasibility studies on the safety and the stocking of the Ark The Geologic Column ought to prove that fossils reveal the age of the earth They show progression from simple to complex organisms over millions of years But do they Take a look at living fossils Meet the extinct creature found only in the oldest layers but more complex than later life forms Consider the real conditions that surrounded the Flood and the Ice Age Controversy of the Ages Theodore Cabal, Peter Rasor, II, 2018-08-08 Controversy of the Ages carefully analyzes the debate by giving it perspective Rather than offering arguments for or against a particular viewpoint on the age of the earth the authors take a step back in order to put the debate in historical and theological context The authors of this book demonstrate from the history of theology and science controversy that believers are entitled to differ over this issue while still taking a stand against theistic evolution But by carefully and constructively breaking down the controversy bit by bit they show why the age issue is the wrong place to draw a line in the sand **The Conflict of the Ages Teacher Edition I-III** Michael J. ### **A Christian Geologist Explains Why the Earth Cannot Be 6,000**

**Years Old** Dr. Lorence G. Collins, 2021-03-24 A Christian Geologist Explains Why the Earth Cannot Be 6 000 Years Old Let s Heal the Divide in the Church By Dr Lorence G Collins This book is about the geology of the Earth Written by a fully committed Christian it asserts that accepting the knowledge provided by studies in science is in no way in conflict with following the teachings of Jesus If a Christian understands how God has done his creation then he she can be a better steward in taking care of the Earth and its life The general themes of the book are to expose the false beliefs of young Earth creationists regarding the age of the Earth being 6 000 years old and that Noah s Flood must have been worldwide global in extent and to suggest that the Bible is not a science text The contents of this book can be understood by both people trained in science and those who have no background in science It is intended to give a valuable source of insights about how science works to provide a way to support and guide a Christian witness to the world and to be a bridge to make this possible As Christians our greater mission is not to battle over divisions in religious beliefs but to heal the sick feed the hungry minister to the abandoned and so on

### **The Great Creation Debate**

Brad Freckleton, 2012-07 Why isn t the evolution of flight shown in the fossil record Bugs birds bats and dinosaurs flew and are shown fully formed in the fossil record but there are no animals with halfway wings in the fossil record leading from ground based animals to flying animals What is desperately wrong with the Grand Canyon if evolution is true Where are the massive signs of erosion between the sedimentary layers of the Grand Canyon if they were laid down a million years at a time Why does massive erosion only show up at the top Animals with well developed eyes show up suddenly in the fossil record as do flying animals It s the norm for plants and animals to show up in the fossil record with the same separations as we see in different types of living animals and plants today The second law of thermodynamics is a law of science that says everything left to its own will wear out run down It is a fundamental law of science So how did evolution accidentally go up How could a DNA molecule fumble together The cell needs DNA DNA needs the cell which came first Beneficial mutations also weaken in other areas and don t write evolutionary advancing DNA code Spiral galaxies which have the shape of a star fish that is spinning quickly throughout our universe like our Milky Way galaxy are supposed to be over 10 billion years old If they were over a billion years old they would lose their spiral arm shape The arms of our galaxy the Milky Way only show a maximum age of 0 3 billion years People want to know why they re here now and where they re going to go They want surety of truth also Read this book and see how well evolution holds up in all the sciences Read this book and see if life can have meaning direction and hope with surety For those who claim to be open minded put on your seatbelts and keep your arms inside as you ride the roller coaster of your own value systems

Friend of Science, Friend of Faith

Gregg Davidson,2019-11-19 A scientist explores the harmony between Christian faith and science Though some Christians and many skeptics see science and Christianity as locked in a never ending battle geologist Gregg Davidson contends that there is tremendous harmony between Scripture and modern science Many apparent conflicts arise when the Bible is interpreted apart from its literary and historical contexts but when these are taken into account most alleged clashes resolve Proceeding from a belief that Scripture is inspired and without error and that God s creation should inform how we interpret the Bible Davidson shows that Scripture and science need not disagree on issues like the age of the earth Adam and Eve Noah s flood the origin and development of life and numerous related topics Rather Christians can rejoice at how God s glory is revealed in both the Bible and the natural world

**The Lie** Ken Ham,2024-09-15 Christianity is Under Massive Attack How will you and the coming generations stand firm and uphold the truth of God s Word when the culture is forcefully demanding you believe lies In this updated edition of The Lie Unraveling the Myth of Evolution Millions of Years Ken Ham exposes how the acceptance of evolution and millions of years has eroded belief in God as Creator This issue is crucial to understanding modern worldview dilemmas including gender and sexuality abortion racism and the mass exodus from the church Why is the Christian church losing ground in its battle with the secular world Thousands of church leaders are nearing a dangerous precipice the denial of the Bible s full authority and accuracy from its very first verse Originally published in 1987 The Lie boldly predicted this trend This compelling book is a must read for all Christians providing crucial answers to common questions from unbelievers and offering advice for parents preparing their children to face a rebellious secular world Chapters include Crumbling Foundations The Evil Fruit of Evolutionary Thinking Evangelism in a Pagan World Wake Up Shepherds Creation Flood and Coming Fire The Lie is more than just a book it is a call to action inviting the body of Christ to stand firm in their Christian faith reject the lie of evolution and uphold the truth of God s Word from the very beginning As Romans 1 20 23 NKJV warns those who reject God s truth are without excuse and their hearts are darkened Will you stand firm and uphold the truth of God s Word

Walling, 2017-11-14 There is an ongoing battle in regard to the authenticity of Gods Word raging in our homes and communities not between science and the Bible but rather between humanistic atheistic theology and Christianity This publication seeks to cover the gambit of historical and scientific evidence from A to Z that could be used as a textbook for Christian educators Our churches are not teaching this in their Sunday schools Christian schools and homeschoolers are not getting this on chalkboards Parents dont have the resources or tools to prepare and protect their teenagers heading into secular high schools and colleges from the onslaught of anti Christ teachings The scripture says in Hosea 4:6 My people are destroyed for lack of knowledge because thou hast rejected knowledge I will also reject thee that thou shalt be no priest to me seeing thou hast forgotten the law of thy God I will also forget thy children As an added benefit students going into high school reading this book who have not decided what field of study they are interested in will get an opportunity to be exposed to several areas of interest Fields of study that include geology literary analysis genomics anthropology archaeology paleontology zoology meteorology genealogy astronomy earth sciences evolution and biblical studies are all interrogated to a significant depth      What Does it Mean to be Human? Life, Death, Personhood and the Transhumanist Movement D. John Doyle, 2018-09-01 This book is a critical examination of the philosophical and moral issues in relation to human enhancement and the various related medical developments that are now rapidly moving from the laboratory into the clinical realm In the book the author critically examines technologies such as genetic engineering neural implants pharmacologic enhancement and cryonic suspension from transhumanist and bioconservative positions focusing primarily on moral issues and what it means to be a human in a setting where technological interventions sometimes impact strongly on our humanity The author also introduces the notion that death is a process rather than an event as well as identifies philosophical and clinical limitations in the contemporary determination of brain death as a precursor to organ procurement for transplantation The discussion on what exactly it means to be dead is later applied to explore philosophical and clinical issues germane to the cryonics movement Written by a physician scientist and heavily referenced to the peer reviewed medical and scientific literature the book is aimed at advanced students and academics but should be readable by any intelligent reader willing to carry out some side reading No prior knowledge of moral philosophy is assumed as the various key approaches to moral philosophy are outlined early in the book      **Teaching Biological Evolution in Higher Education** Brian J. **The Transition, Initiated by Copernicus and Galileo, from Religion to Science** Lawrence Wood, 2017-07-06 Have you ever wondered Why two diametrically opposite explanations of ourselves Religion and Science coexist As this book explains the reason is one explanation began before the other The first explanations development began thousands of years ago when our gradually evolving brains and minds awoke to an unknown possibly threatening environment Unfortunately attempts to explain this strange environment were frustrated by illusions such as the apparent motion of the sun moon and stars around the earth which clouded our limited observational capability such as our inability detect constant motion thwarting the developing human minds ability to correctly explain observations These limitations ultimately led to a totally incorrect explanation we reside in a very small young unchanging universe revolving about us created by a supernatural being God a belief system termed Religion About 500 years ago the formulation of the second explanation was initiated when astute investigators such as Copernicus and Galileo using improved new observation instruments such as the telescope and microscope began to realize the existing illusion based religious explanations could not possibly be correct Author Lawrence Wood introduces the brilliant investigators who resolved the illusions by developing radically new explanations of the illusions an explanation system termed Science many still cannot accept hence the coexistence of religion and science If you are one of those trying to bridge the gulf between your religious beliefs which have become increasingly difficult to accept and the strange new world of science this book will help you immeasurably
