Supporting Activist Practices in Education Ramsay-Jordan, Natasha N., Crenshaw, Andrea N., 2024-02-27 In

today's educational landscape a pressing issue looms deeply entrenched within the system are the prevailing cultural norms that have historically perpetuated the dominance of white middle class values. This has in turn marginalized and stigmatized traditionally underrepresented student cultures as inherently deficient. As the United States educational system grapples with a dramatic increase in low income non white and linguistically diverse students now is the time to confront these inequalities that undermine student achievement. This challenge has thrust teachers into the forefront compelling them to embrace social justice practices in their classrooms as counternarratives. *Supporting Activist Practices in Education* emerges as a timely and essential solution to address this educational conundrum. Within the pages of this book a compelling narrative unfolds one that delves deep into the experiences of educators who actively employ teaching as a form of activism transcending traditional norms. Teaching through activism as defined in this volume represents the courageous actions of educators who champion participatory citizenship for social justice within their classrooms nurturing environments that foster critical thinking about the world. This book emphasizes the imperative of challenging and dismantling systemic injustices and it underscores the pivotal role of social justice as a framework for effective pedagogical practices.

English Language Arts, Grade 7 Module 3A PCG Education, 2015-12-14

Paths to College and Career Jossey Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts ELA curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require Paths to College and Career includes daily lesson plans guiding questions recommended texts scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions build evidence-based claims and arguments conduct research and write from sources and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners including students with disabilities English language learners and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12 PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness.

for all students providing state of the art curriculum and state of the art implementation
