The liver has been sitting there the whole time but the knowledge surrounding this perplexing organ is exploding. This makes it hard to prepare for board and recertification exams where 1 in every 4 questions pertains to hepatology. Until now there has been no single slim but high yield volume that summarises the hepatology you need to know for the boards. This book has it nailed. The authors have collected every pearl of wisdom, high yield factlet, liver board buzzword, hepatic micrograph, and classic liver imaging study they could muster all while keeping the book a manageable size because who has time for more than manageable when you're busy.
