importance of it Countries all around the world are affected by the legislative agenda of the U S as discussed in the speech regarding economies human rights defense human aid global business trade environmental issues world health and more Given the value placed on the State of the Union one should reasonably conclude that a state of the world address is in order After all doesn't SOTU generally speaking focus mostly on the well being of the United States Of course it does Now what seems more appropriate is to have a general address concerning the physical but even moreso the spiritual state of every nation in the world That's to say that spiritual life reigns supreme and every nation is under God both in spirit and in flesh God's Kingdom Government rules all other kingdoms And that is the premise behind the State of the Kingdom Address SOKA SOKA is a parody of SOTU In a sense it is intended to awaken governments and people worldwide The LORD not only wants to show His authority and authorship on earth as the Almighty but He desires to 1 build up the Body of Christ 2 usher in the end time revival and 3 bring the people back to Him The book is intended to show people that we have gotten away from the big picture People have become so focused on the small insignificant things in life like The State of the Union as important as it is yet have lost track of the things which matter most God and His Kingdom Without question most people would likely agree that God's Kingdom is the most powerful important government in the world Through SOKA the world will see that the state of a country pales in comparison to the state or condition of God's Kingdom namely the Church That inevitable day of Jesus Christ coming back to earth is approaching And the world has to prepare for it in the midst of going about our daily lives Are you ready for the ride of your life Enter Chapter One Behold I Come Quickly if you dare
