Gregory A. Daddis

2011 Victory Hammer Service Manual:

No Sure Victory Gregory A. Daddis, 2011-06-01 Conventional wisdom holds that the US Army in Vietnam thrust into an unconventional war where occupying terrain was a meaningless measure of success depended on body counts as its sole measure of military progress In *No Sure Victory* Army officer and historian Gregory Daddis looks far deeper into the Army's techniques for measuring military success and presents a much more complicated and disturbing account of the American misadventure in Indochina Daddis shows how the US Army which confronted an unfamiliar enemy and an even more unfamiliar form of warfare adopted a massive and eventually unmanageable system of measurements and formulas to track the progress of military operations that ranged from pacification efforts to search and destroy missions The Army's monthly Measurement of Progress reports covered innumerable aspects of the fighting in Vietnam force ratios Vietcong North Vietnamese Army incidents tactical air sorties weapons losses security of base areas and roads population control area control and hamlet defenses Concentrating more on data collection and less on data analysis these indiscriminate attempts to gauge success may actually have hindered the army's ability to evaluate the true outcome of the fight at hand a roadblock that Daddis believes significantly contributed to the many failures that American forces suffered in Vietnam Filled with incisive analysis and rich historical detail *No Sure Victory* is not only a valuable case study in unconventional warfare but a cautionary tale that offers important perspectives on how to measure performance in current and future armed conflict Given America's ongoing counterinsurgency efforts in Iraq and Afghanistan *No Sure Victory* provides valuable historical perspective on how to measure and mismeasure military success

Digging for Victory Joanna Wise, 2018-05-15

Horticultural Therapy is ideally suited to engage veterans alienated from traditional civilian healthcare routes who present with a range of complex and challenging healthcare needs It presents on the surface as a deceptively simple and accessible activity Carried out by trained professionals it is an evidence based effective and cost effective treatment By targeting specific client centred goals it is able to integrate improved individual physical emotional cognitive and social outcomes with broader opportunities to transition successfully into civilian society through learning a valuable skill set and a meaningful occupation This book provides a comprehensive introduction to the methods of *Horticultural Therapy* as applied to this unique client group It describes the type of combat training and experiences veterans may have had and sets out the common issues and pitfalls civilian therapists often face when working with the military Looking to the future it also identifies promising avenues in terms of how we may improve the treatment we offer to best serve the needs of these ex service men and women who fight on our behalf

Conflict Law William H. Boothby, 2014-07-08 Topics as diverse as the evolving spectrum of conflict innovations in weaponry automated and autonomous attack the depersonalisation of warfare detention operations the influence of modern media and the application of human rights law to the conduct of hostilities are examined in this book to see to what extent existing legal norms are challenged The book takes each topic in turn explains relevant

provisions of contemporary law and analyses exactly where the legal problem lies The analysis then develops the theme examining for example the implications of current rules as to deception operations for certain applications of cyber warfare The text is written in an accessible style and demonstrates the continuing relevance of established rules and the importance of compliance with them Useful for academics military governments ministries of defence ministries of foreign affairs libraries diplomats think tanks policy units NGOs and all others with an interest in law of armed conflict issues such as journalists and students *Books in Print Supplement* ,2002 *Muskegon City Directories* ,1940 **Whitaker's**
