Aabb Technical Manual 12th Edition:

Advances in Blood Substitutes R. Winslow, 2012-12-06 Each chapter of this volume is a contribution from an expert in the field chosen by the editors to contribute to the 1997 Current Issues in Blood Substitute Research and Development course given in San Diego March 17 19 The contributors were selected because of their expertise in areas which the editors believe to be critical to the advancement of the field and which reflect activity in hot areas of relevant research While there is a continuity in style for the annual course each year brings changes in emphasis and content In previous years we were often not able to provide time for participants to present their views and opinions Consequently this year we encouraged discussion after each presentation These sessions were recorded transcribed and are printed with the chapters herein We believe that the product is very close to the capturing this year's course in print and trust readers will enjoy reading the always candid and often provocative remarks from the audience The price paid for inclusion of the discussion transcriptions was a delay in publication Each author was allowed to edit his/her discussion section as well as the final version of the chapters prior to publication The changes are mainly for grammar and we tried when possible not to alter the conversational style of these interchanges

Risk Management in Blood Transfusion: The Virtue of Reality C.Th. Smit Sibinga,H.J. Alter,2013-06-29 Mr Chairman ladies and gentlemen with great pleasure I like to welcome you in the city of Groningen and hope that you will have an enriching and enlightening discussion on the conference theme on risk management in blood transfusion The organisation of this symposium aims at scientific networking by discussing in an international forum the most important themes of current interest in relation to the state of the art in transfusion medicine Dr Cees Smit Sibinga took the initiative in 1976 to start organising the blood bank symposia as they were named in the beginning Without doubt these symposia have contributed considerably to the development of transfusion medicine To illustrate the fact that these symposia came to my attention I recollect that I have attended the symposium in 1978 chaired by Dr Leo Vroman in my capacity in those days of alderman deputy mayor of the city So it has been a long time since After having been away from

Groningen for 18 years I have been inaugurated last week as a mayor and it is a pleasure to be again in your midst The series of annual symposia on blood transfusion have contributed to mark the city of Groningen on the map of the international scientific world A great number of prestigious institutes all over the world involved in the development of transfusion medicine have linked to Groningen and we are proud of that Immunohematology and Transfusion Medicine Mark T. Friedman, Kamille A. West, Peyman Bizargity, Kyle Annen, Jeffrey S.
