Katz,Ilan Caspi,2020-01-22 The proven safety tips and techniques for corporate executives revised and updated The revised and updated second edition of

Executive's Guide to Personal Security 2nd Edition offers a strategic handbook for ensuring safety for executives, their employees and their corporate assets. The book's lessons outline the basic rules of personal security; it shows how to recognize and prepare for the real threats faced by executives and ordinary individuals in today's often hostile world. It is filled with the necessary knowledge that can empower executives to face these threats and deal with them successfully. The methods outlined herein, formerly reserved for security professionals and government employees, are made available to the reader. Executive's Guide to Personal Security will teach you situational awareness, which allows you to identify potential dangers before they become serious threats. You will learn how to analyze risks, prepare for emergencies, travel safely, and utilize counter-surveillance techniques to enable you to recognize if you are being followed or targeted. You will gain an understanding of the threats to both personal safety and corporate assets and understand how to implement the appropriate counter measures to deal with those perceived threats. With Executive's Guide to Personal Security, you can learn to take necessary actions to reduce your chances of becoming a target and discover how to make yourself less vulnerable. Written by two seasoned security experts, the lessons presented can be used by those in the business world as well as anyone who would like to feel more secure, including those traveling to foreign countries and individuals studying abroad.

New to the second edition is information for responding to an active shooter incident. Enhanced details for protecting IP and computers and smart phones. Strategies for planning for emergencies at home and the office. Approaches to safety that meet the challenges of today's world. Executive's Guide to Personal Security 2nd Edition is the comprehensive book that contains information on physical security, principles of route selection, technical security systems, hostage situations, emergency planning, hotel and room selection, armored products, communications, bomb threats, evacuations, and local criminal hazards.

Autoflight System* Facundo Conforti, Currently flight automation is nearly total in commercial aircraft Automatic control systems are becoming increasingly popular in smaller and sports aircraft as well In all cases the proper functioning of an automatic flight system allows the pilot to free up attention from certain tasks and focus more on other aspects within the cockpit However it wasn't always this way The autopilot had its beginnings almost concurrently with the early days of aviation an idea that at the time seemed extremely outlandish but would forever impact the field of aviation In this work you will learn all about the principles of automatic flight system operation and its various functions using several commercial aircraft as examples Autopilot flight director automatic power control automatic navigation and many other functions make an automatic flight system a significant advantage that enhances operational safety It is the pilot's responsibility to understand all its features and learn to operate these systems as effectively as possible We will help you with that **Private Practice MBA** Jeremy Pyle,Robbie Poe,2023-03-21 A step by step road map for creating the business that you your staff and your patients deserve Let's get real Should you read this book Here's the thing Most physicians aren't looking for something new Most of us are pretty set in our ways and we're taught from day one to be fearful of running our own practices But what if you didn't have to do it alone

What if you knew how to run a thriving practice that didn't run your life into the ground? What if there was a step by step system that you felt confident implementing yourself? That's exactly what you'll find within the pages of this book. And if that's the kind of thing you've been looking for, then let's get started together. **Path to the Airline** Facundo Conforti, The airline is the ultimate dream for every pilot from the beginning of their career. Reaching the cockpit of a large commercial aircraft is a goal that not everyone achieves and many fall short along the way because they don't know how to navigate the path to fulfill it. In this fascinating work, we will demonstrate the journey you must undertake to reach your dream and successfully pilot a commercial aircraft. From the selection processes of the world's leading airlines through the various stages of initial training and concluding with all the new concepts and procedures you will need to learn during your first years in an airline, this work will become a guide that shows you the path to success. As additional motivational support, each chapter will feature a real success story proving that sometimes the path is not easy; it requires a high level of dedication, but it is undoubtedly possible. Get ready to discover the true path to the airline, enjoy every example, and cherish each lesson.
