A Resource Guide On Racial Profiling Data:

A Resource Guide on Racial Profiling Data Collection Systems Deborah Ramirez, 2000 **Racial Profiling** Steven J. Muffler, 2006 In recent years racial profiling has drawn the attention of state and federal governments In this book racial profiling is defined as the practice of targeting individuals for police or security interdiction detention or other disparate treatment based primarily on their race ethnicity or national origin in the belief that certain minority groups are more likely to engage in unlawful behaviour Assertions that law enforcement personnel at all levels unfairly target certain racial and ethnic groups particularly but not exclusively for traffic stops and searches have raised concerns about violations of the Constitution The major debate on racial profiling centres on whether the practice should be prohibited entirely and whether data on traffic stops and searches should be collected to determine if the practice is occurring This book gathers presents the major issues available data and analyses important to understanding on the most dangerous and divisive practices of our time **RACIAL PROFILING** Darin D. Fredrickson, Raymond P. Siljander, 2002-01-01 This book was written to eliminate confusion regarding what has come to be called racial profiling by clarifying the legitimate law enforcement practice of criminal profiling and by clarifying what constitutes unfair discrimination and persecution This book was written to benefit sociology students law enforcement officers and anyone else in a position to be concerned with or affected by the profiling issue Police administrators judges and legislators must adequately understand the topics and their many ramifications if they are to make decisions that are based on fact rather than stereotype and myth and free from the influence of adverse social and political pressures And attorneys when prosecuting or defending cases wherein profiling and discrimination is an issue must have good insight into the many interrelated dynamics of the topics to properly prepare and argue their case This writing explores difficult social issues that are often poorly understood but issues that need to be understood if solutions are to be meaningful And a poorly conceived solution is especially likely when the issues are both complex and controversial In this book the writers acknowledge that while criminal profiling is a necessary and legitimate law enforcement practice unchecked bias can pollute the practice And while they acknowledge that measures to detect those whose enforcement practices reflect bias can have merit they emphasize that such efforts must be in addition to the hiring of high caliber officers providing quality training providing competent leadership and on a properly staffed and trained Internal Affairs department But the authors also emphasize the unfortunate fact that many efforts intended to prevent bias are to varying degrees ineffectual and create collateral problems Germane to that discussion is illumination of the difficulties of monitoring fair treatment policies and the unintended problems that often accompany consent decrees Racial Profiling Michael L. Birzer, 2012-11-14 Many racial minority communities claim profiling occurs frequently in their neighborhoods Police authorities for the most part deny that they engage in racially biased police tactics A handful of books have been published on the topic but they tend to offer only anecdotal reports offering little reliable insight Few use a qualitative methodological

lens to provide the context of how minority citizens experience racial profiling Racial Profiling They Stopped Me Because I m places minority citizens who believe they have been racially profiled by police authorities at the center of the data Using primary empirical studies and extensive in depth interviews the book draws on nearly two years of field research into how minorities experience racial profiling by police authorities The author interviewed more than 100 racial and ethnic minority citizens Citing 87 of these cases the book examines each individual case and employs a rigorous qualitative phenomenological method to develop dominant themes and determine their associated meaning Through an exploration of these themes we can learn What racial profiling is its historical context and how formal legal codes and public policy generally define it The best methods of data collection and the advantages of collecting racial profiling data How certain challenges can prevent data collection from properly identifying racial profiling or bias based policing practices Data analysis and methods of determining the validity of the data The impact of pretextual stops and the effect of Whren v United States A compelling account of how minority citizens experience racial profiling and how they ascribe and give meaning to these experiences the book provides a candid discussion of what the findings of the research mean for the police racial minority citizens and future racial profiling research Michael L Birzer was recently interviewed on public radio about his book Racial Profiling They Stopped Me Because I m

Resource Guide on Racial Profiling Data Collection Systems: Promising Practices and Lessons Learned , The U S Department of Justice presents the full text of an article entitled A Resource Guide on Racial Profiling Data Collection Systems Promising Practices and Lessons Learned by Deborah Ramirez Jack McDevitt and Amy Farrell The article discusses the problems related to racial profiling data collection goals and limitations and recommendations for traffic stop data collection systems *Race, Ethnicity, and Policing* Stephen K. Crime and Public Policy James Q. Wilson, Joan Petersilia, 2012-06-01 Crime in the United States has fluctuated considerably over the past thirty years as have the policy approaches to deal with it During this time criminologists and other scholars have helped to shed light on the role of incarceration prevention drugs guns policing and numerous other aspects to crime control Yet the latest research is rarely heard in public discussions and is often missing from the desks of policymakers This book accessibly summarizes the latest scientific information on the causes of crime and evidence about what does and does not work to control it Thoroughly revised and updated this new version of Crime and Public Policy will include twenty chapters and five new substantial entries As with previous editions each essay reviews the existing literature discusses the methodological rigor of the studies identifies what policies and programs the studies suggest and then points to policies now implemented that fail to reflect the evidence The chapters cover the principle institutions of

the criminal justice system juvenile justice police prisons probation and parole sentencing how broader aspects of social life inhibit or encourage crime biology schools families communities and topics currently generating a great deal of attention criminal activities of gangs sex offenders prisoner reentry changing crime rates With contributions from trusted leading scholars Crime and Public Policy offers the most comprehensive and balanced guide to how the latest and best social science research informs the understanding of crime and its control for policymakers community leaders and students of crime and criminal justice Encyclopedia of Law Enforcement Larry E Sullivan, 2005 Vols 1 and 2 cover U S law enforcement Vol 3 contains articles on individual foreign nations together with topical articles on international law enforcement *America's New Working Class* Kathleen R. Arnold, 2008 Today's political controversy over immigration highlights the plight of the working class in this country as perhaps no other issue has recently done The political status of immigrants exposes the power dynamics of the new working class which includes the former labor aristocracy women and people of color This new working class suffers exploitation in advanced industrial countries as the social cost of capitalism's success in a neoliberal and globalized political economy In this book Kathleen Arnold analyzes the role of the state's prerogative power in creating and sustaining this condition of severe inequality for the most marginalized sectors of our population in the United States

Encyclopedia of Police Science Jack Raymond Greene, 2006-10-23 In 1996 Garland published the second edition of the Encyclopedia of Police Science edited by the late William G Bailey The work covered all the major sectors of policing in the US Since then much research has been done on policing issues and there have been significant changes in techniques and in the American police system Technological advances have refined and generated methods of investigation Political events such as the terrorist attacks of September 11 2001 in the United States have created new policing needs while affecting public opinion about law enforcement These developments appear in the third expanded edition of the Encyclopedia of Police Science 380 entries examine the theoretical and practical aspects of law enforcement discussing past and present practices The added coverage makes the Encyclopedia more comprehensive with a greater focus on today's policing issues Also added are themes such as accountability the culture of police and the legal framework that affects police decision New topics discuss recent issues such as Internet and crime international terrorism airport safety or racial profiling Entries are contributed by scholars as well as experts working in police departments crime labs and various fields of policing *Race, Ethnicity, and Crime* Dianne Williams, 2012 Melting pot or tossed salad the U S criminal justice system may prove to be fueling intolerance rather than enabling society to accommodate racial and ethnic differences This fresh new textbook to balance theory and the real world addressing topics relating to race ethnicity criminality and criminalization looking at the criminal justice system the media and the death penalty In addition to information on crime and incarceration rates White collar crime and the typical criminal the discussion of minorities and public perceptions is set within a broader context including the issues of terrorism and human trafficking where race and ethnicity are also vital to public perceptions the
