## **Ana Grade Question Papers:**

**Democratic Evaluation and Democracy** Donna Podems, 2017-02-01 Democratic evaluation brings a way of thinking about evaluation's role in society and in particular its role in strengthening social justice. Yet the reality of applying it and what happens when it is applied particularly outside the West is unclear. Set in South Africa, a newly formed democracy in Southern Africa, the book affords an in-depth journey that immerses a reader into the realities of evaluation and its relation to democracy. The book starts with the broader introductory chapters that set the scene for more detailed ones which bring thorough insights into national government, local government, and civil societies' experience of evaluation, democratic evaluation, and their understanding of how it contributes to strengthening democracy or not. A teaching case, the book concludes by providing guiding questions that encourage reflection, discussion, and learning that ultimately aims to inform practice and theory.

**Twenty Years of Education Transformation in Gauteng 1994 to 2014** Maringe, Felix, Prew, Martin, 2015-05-05 Twenty Years of Education Transformation in Gauteng 1994 to 2014: An Independent Review presents a collection of 15 important essays on different aspects of education in Gauteng since the advent of democracy in 1994. These essays talk to what a provincial education department does and how and why it does these things, whether it be about policy, resourcing, or implementing projects. Each essay is written by one or more specialist in the relevant focus area. The book is written to be accessible to the general reader as well as being informative and an essential resource for the specialist reader. It sheds light on aspects of how a provincial department operates and why and with what consequences certain decisions have been made in education over the last 20 turbulent years, both nationally and provincially. There has been no attempt to fit the book's chapters into a particular ideological or educational paradigm, and as a result, the reader will find differing views on various aspects of the Gauteng Department of Education's present and past. We leave the reader to decide to what extent the GDE has fulfilled its educational mandate over the last 20 years.
