Teaching About Dialect Variations and Language in Secondary English Classrooms Michelle D. Devereaux, 2014-10-17 Standardized tests demand Standard English but secondary students grades 6 12 come to school speaking a variety of dialects and languages thus creating a conflict between students language of nurture and the expectations of school The purpose of this text is twofold to explain and illustrate how language varieties function in the classroom and in students lives and to detail linguistically informed instructional strategies Through anecdotes from the classroom lesson plans and accessible narrative it introduces theory and clearly builds the bridge to daily classroom practices that respect students language varieties and use those varieties as strengths upon which secondary English teachers can build The book explains how to teach about language variations and ideologies in the classroom uses typically taught texts as models for exploring how power society and identity interact with language literature and students lives connects the Common Core State Standards to the concepts presented and offers strategies to teach the sense and structure of Standard English and other language variations so that all students may add Standard English to their linguistic toolboxes

Cases on Error Analysis in Foreign Language Technical Writing Lebedeva, Nadezhda Anatolievna, 2023-07-21 There is a clear tendency to consider the errors committed by learners in the process of learning a foreign language not as a negative aspect but as a natural process in the development of their language skills In the past teachers and researchers pondered these errors as something unfavorable something to prevent from occurring at all costs In order to regulate this appearance of errors many researchers in the field of foreign language technical teaching have started to study and track the errors made by these students Knowing the most common types of errors is an important and necessary step to inform teachers about where to direct their efforts regarding the most problematic areas students face while producing their technical writing assignments in a foreign language Cases on Error Analysis in Foreign Language Technical Writing provides relevant theoretical foundations and the latest empirical research findings in the area of error analysis in foreign language technical writing This book also summarizes the experience of

teaching a foreign language for professional purposes in various fields of higher education Covering topics such as error analysis lexical skills and writing outputs this casebook is an essential resource for preservice teachers educators administrators librarians researchers and academicians

New Approaches to the Investigation of Language Teaching and Literature Garcés-Manzanera, Aitor, Carrillo García, María Encarnación, 2023-04-11 In the last two decades the field of language and literature teaching has experienced considerable growth as a result of the wide array of new methodological avenues that have arisen from different angles This paradigm shift has paved the way for the integration of newly conceived didactic resources such as the mediation of social networks for learning language or the interdisciplinarity of culturally mediated language education It is crucial to understand this shift in order to ensure students receive the best education possible **New Approaches to the Investigation of Language Teaching and Literature** presents an overview of the ongoing methodological tools practices research designs and strategies used in language and literature teaching and provides education researchers and practitioners with empirically sustained evidence of teaching strategies that may be implemented in language education Covering key topics such as language skills adult learners digital literacy and learning aids this reference work is ideal for researchers scholars academicians practitioners educators and students
