Apple of Discord Ian D. Armour, 2014-05-15 When seeking the origins of World War I the chain of events in the late nineteenth century that led to the breakdown of relations between Austria Hungary and Serbia and facilitated the rise of an aggressive Serbian nationalism needs to be understood This book focuses on the hitherto unexplored Hungarian influence on the Habsburg Monarchy s policy toward Serbia after the 1867 Ausgleich and it argues that this early period was critical in shaping policy after 1871 down to the imposition on Serbia in 1881 of a system of economic and political control The Ausgleich the Austro Hungarian compromise that reconstituted the Empire as a dual monarchy gave Hungary a limited voice in foreign affairs and it was at the request of the Hungarian premier Count Gyula Andr ssy that the young politician Benj min K llay was appointed representative at Belgrade in 1868 Both men were obsessed with the threat posed by Russia and particularly concerned that Serbia might be used as a stalking horse for Russian influence among the Monarchy s South Slavs They pursued a shadow policy designed to draw Serbia firmly into the Monarchy s sphere of influence which contradicted that of the foreign minister Count Beust and resulted in a serious deterioration in relations with Serbia by 1871 After 1871 Andr ssy as foreign minister laid the foundations for a more explicit control of Serbia K llay as a senior diplomat negotiated the treaties that by 1881 locked Serbia into satellite status for a generation Through detailed archival research in multiple languages and a painstaking reconstruction of diplomatic events Armour illuminates a crucial period in Central European history showing how the origins of a war that claimed millions of lives can be traced to political maneuverings almost fifty years before
