Higher Education, Community Engagement and Entrepreneurship in Southern Africa I. G. Govender, 2021-02-24

This volume explores the pressing issues of entrepreneurship education and development in Southern Africa. It discusses the various roles of higher education institutions in enhancing entrepreneurship in localised communities and provides a systematic solution for improving the Southern African economy by realising the importance of empowering the youth with entrepreneurial skills. In addition, successful development requires effective policies and contemporary approaches to both community engagement and entrepreneurship management. The book uses different Southern African case studies to discuss the various issues and innovations in entrepreneurship in the country. [The ^AOxford Handbook of Early Childhood Learning and Development in Music](#) Margaret S. Barrett, Graham F. Welch, 2023-09-15

The Oxford Handbook of Early Childhood Learning and Development in Music brings together leading researchers in infant and early childhood cognition, music education, music therapy, neuroscience, cultural and developmental psychology, and music sociology to interrogate questions of how our capacity for music develops from birth and its contributions to learning and development. *The Web of Geological Sciences*: Marion E. Bickford, 2017-09-29 The web of geological sciences Special papers 500 and 523 written in celebration of the 125th anniversary of the Geological Society of America. *Beneficiation of Phosphates* Patrick Zhang, Jan Miller, Guven Akdogan, Ewan Wingate, Neil Snyders, 2019-06-01 This compilation from the 2018 Beneficiation of Phosphates Conference includes insights from dozens of internationally respected experts on key breakthroughs that will shape the industry in the years ahead. Learn from the best and the brightest in the industry. The book reflects on the recent impetus for reviewed research in the recovery of rare earth elements from secondary resources. Recovery of rare earth elements from phosphate processing has been one of the important projects of the Critical Materials Institute (CMI). This compilation highlights some of the findings of the CMI phosphate project. Learn how competition in the flotation reagent market has stimulated innovative reagent development work. As a result, new reagents have been formulated and targeted at dolomite flotation, calcite flotation, more selective phosphate flotation, and even flotation in seawater. The Florida phosphate industry is seeing improvements in the processing of high dolomite reserves. Recent encouraging developments include new reagents that can float dolomite without using phosphoric acid as a phosphate depressant, reducing MgO content in the Crago flotation concentrate, thus allowing blending of some high dolomite pebbles in the final product, and innovative gravity separation. Topics include Sustainability and the Environment, Comprehensive Extraction, and Smart Chemistry. Flotation Fundamentals and Reagents, Advances in Processing Technology and Equipment. [Handbook of Research on Entrepreneurship and Organizational Resilience During Unprecedented Times](#) Aloulou, Wassim J., 2022-08-12 Managerial, organizational, and entrepreneurial scholars across disciplines have discussed the topic of resilience from developed economies, yet much remains unknown on its practice during modern times and the crises that have recently affected daily lives, business, and

workplaces Moreover few experiences of economic instability have been reported from emerging countries where global competition economic social environmental and sanitary concerns remain as real challenges It is essential that both researchers and practitioners explore new perspectives and tools to study resilience at many diverse levels and contexts The Handbook of Research on Entrepreneurship and Organizational Resilience During Unprecedented Times explores experiences in different managerial organizational and entrepreneurial issues particularly from the perspective of emerging countries By investigating different levels with interdisciplinary approaches and integrative frameworks it advances new perspectives for future research Covering topics such as employee creativity economic crisis and supply chain management this major reference work is an indispensable resource for entrepreneurs business leaders and executives marketing managers human resource managers organization behavior specialists consultants government officials politicians librarians students and faculty of higher education researchers and academicians
