appropriate dosage forms as an integral part of drug therapy **Concrete Solutions 2011** Michael Grantham,Viktor
Mechtcherine,Ulrich Schneck,2011-09-08 The Concrete Solutions series of International Conferences on Concrete Repair
began in 2003 with a conference held in St Malo France in association with INSA Rennes followed by the second conference
in 2006 with INSA again at St Malo France and the third conference in 2009 in Padova and Venice in association with the
University of Padova Now in 2011 the event is being held in Dresden in Germany and has brought together some 112 papers
from 33 countries Whereas electrochemical repair tended to dominate the papers in earlier years new developments in
structural strengthening with composites have been an increasingly important topic with a quarter of the papers now
focusing on this area New techniques involving Near Surface Mounted NSM carbon fibre rods strain hardening composites

and new techniques involving the well established carbon fibre and polyimide wrapping and strengthening systems are presented Seventeen papers concentrate on case studies which are all important in such conferences to learn about what works and what doesn't work on real structures Thirteen papers are devoted to new developments in Non Destructive Testing NDT Other topics include service life modelling fire damage surface protection methods and coatings patch repair general repair techniques and whole life costing This book is essential reading for anyone engaged in the concrete repair field from engineers to academics and students and also to clients who as the end user are ultimately responsible for funding these projects and making those difficult decisions about which system or method to use
