Postwar America, 1945–1960

Lesson 2 *The Affluent Society*

Review Questions: Identifying Supporting Details

DIRECTIONS: Read each main idea. Use your textbook to supply the details that support or explain each main idea.

A. Main Idea: The 1950s was a decade of prosperity, with people moving to the suburbs, buying new products, and working in offices.

- Detail:** Americans produced an abundance of goods and services because of New techniques and technology.
- Detail:** Many Americans moved to the suburbs to avoid the crime and congestion of city neighborhoods.
- Detail:** From 1945 to 1961, the the birthrate exploded. Some contributing factors of the baby boom were: GI benefits encouraged the growth and popular celebrated large families.

B. Main Idea: American scientists broke new ground in the areas of electronics, manufacturing, and medicine.

- Detail:** In electronics, the development of the transistor made radios smaller and portable; the development of the computer launched a revolution, and the development of the jet made airline travel available to many.
- Detail:** The development of powerful antibiotics and vaccines made infections much more treatable.
- Detail:** Scientist Salk developed an injectable vaccine to prevent polio. Later, the the Sabin vaccine became the common method of prevention.

C. Main Idea: As television became popular, other forms of entertainment had to adapt in order to survive.

- Detail:** By 1957, nearly 80% percent percent of families had at least one television. Popular formats included comedy, variety shows, and action programs.
- Detail:** The Automobiles saved the radio industry as commuters listened in transit.

American History James P. Stobaugh, James Stobaugh, 2012 Respected Christian educator Dr James Stobaugh offers an entire year of high school American history curriculum in an easy to teach and comprehensive volume American History Observations Assessments from Early Settlement to Today employs clear objectives and challenging assignments for the tenth grade student From before the birth of our republic to the principles of liberty American history trends philosophies and events are thoroughly explored The following components are covered for the student Critical thinking Examinations of historical theories terms and concepts History makers who changed the course of America Overviews and insights into world views Students will complete this course knowing the Christian influences that created a beacon of hope and opportunity that still draws millions to the United States of America This 384 page student resource should be used in conjunction with the American History Observations Assessments from Early Settlement to Today for the Teacher British History and World History are included in this comprehensive high school history curriculum for 10th 11th and 12th grades offered by Dr James Stobaugh and Master Books

Internet Scavenger Hunt American History Michelle Robinette, 2002-07 Contains twenty reproducible worksheets designed to help students in grades four through eight conduct Internet searches on events in American history each with reading comprehension questions and graphic organizers

Focus on U.S. History Kathy Sammis, 1997 Reproducible student activities cover early Native American settlements African and western European influences and Spanish and Portuguese exploration

Document-based Assessment Activities for U.S. History Classes Kenneth Hilton, 1999 Covers significant eras in U S history Encourages students to analyze evidence documents and other data to make informed decisions Includes guidelines for students answer prompts and a scoring rubric Develops essential writing skills

Workbook in American History Julian Carter Aldrich, 1946 Consumer Society in American History Lawrence B. Glickman, 1999 This volume offers the most comprehensive and incisive exploration of American consumer history to date spanning the four centuries from the colonial era to the present

Call to Freedom Sterling Stuckey, 2003 Teaches U S history employing the themes geography economics government citizenship science technology and society culture Constitutional heritage and global relations

Statement Rockefeller Foundation, 1954

Resources in Education ,1999-04 Language Power: Grades 3-5 Level B Teacher's Guide Christine Dugan,2012-10-30 Hearings United States. Congress. House,1954 Tax-exempt Foundations United States. Congress. House. Special Committee to Investigate Tax-Exempt Foundations,1954 *A History of Psychology* Eric Shiraev,2014-02-04

Offering a fresh accessible and global approach to the history of psychology the fully revised Second Edition of Eric B Shiraev's *A History of Psychology A Global Perspective* provides a thorough view of psychology's progressive and evolving role in society and how its interaction with culture has developed throughout history from ancient times through the Middle Ages and the modern period to the current millennium Taking an inclusive approach the text addresses contemporary and classic themes and theories with discussion of psychology's development in cultures and countries all too often neglected in overviews of the field High interest topics including the validity of psychological knowledge and volunteerism offer readers the opportunity to apply the history of psychology to their own lives **The Religious Critic in American Culture** William D. Dean,1994-01-01 This book provides a new rationale for religious criticism in American society First Dean shows why today's academic intellectuals are relatively indifferent to questions of meaning in America pointing to the loss of American exceptionalism the professionalization of the academy and the rise of post structural criticism He then shows how intellectuals may reclaim a prophetic role by offering a new theory of the nature of religious thought Tracing this theory to a twentieth century emphasis on conventions Dean provides a way to understand how imaginative social constructions can become active historical conventions with real historical force He suggests that the sacred itself begins as an imaginative construct and becomes a convention thus working as an active living force in history Finally Dean argues that religious critics must now reclaim a responsibility for shaping their society's sacred conventions Department of the Interior and Related Agencies Appropriations, Fiscal Year 1998 United States. Congress. Senate. Committee on Appropriations. Subcommittee on the Department of the Interior and Related Agencies,1998 **A History of Psychology: A Global Perspective** Eric Shiraev,2011 A contemporary and engaging student friendly text with a multinational focus conveys the dynamism of the science of psychology Student focused features offer social context explore interdisciplinary relationships reinforce critical thinking and ultimately show the impact and application of the science Key features Each chapter begins with a highly engaging vignette or opening case which features a familiar to most students theme or topic Multinational and multicultural emphasis examines the development of psychology from around the world The text examines contemporary psychology yet does not give short shrift to the roots of psychology Each chapter contains a section on the impact of psychology on society as well as societal influences on the discipline which includes its influence in various fields such as medicine education work criminal justice business advertising and entertainment Case In Point boxes give students the opportunity to come to their own conclusions about issues and think critically about biases that may have influenced psychology Chapter opening time charts place main events names and theories in a visual chronological perspective of psychology's past and present In their

own words boxes display quotes made by famous psychologists and other scholars about psychological research and its applications Checkpoints chapter summaries and end of chapter key terms help students review and prepare for exams

Institutional Analysis and Economic Policy Marc R. Tool, Paul Dale Bush, 2012-12-06 The purpose of this volume is to demonstrate how contemporary institutional economic analysis can be applied to the resolution of economic problems All of the essays in this book challenge the conventional wisdom in the problem areas addressed They advocate policy positions that often run contrary to views widely held by academic economists and policy makers alike The general literature of institutional economics is unorthodox beginning with its methodological foundations and continuing through the kind of policy analysis found in these pages The orthodox tradition in economics is commonly characterized as neoclassical economics Neoclassical economics fosters the myth that only the market can efficiently allocate a society's economic resources and equitably distribute its income It provides the intellectual defense for in which free markets are championed over democratic capitalist ideology policy formation which it contends is neither efficient nor equitable For both professional economists and policy makers of a conservative political persuasion neoclassical economics writes the script for a morality play in which the market is the good guy and the government is the bad guy As such it undermines the belief that free societies can enhance economic welfare through the use of democratic processes in the formulation of economic policies

Miseducation A. J. Angulo, 2016-04 By investigating how laws myths national aspirations and global relations have recast and at times distorted the key purposes of education this pathbreaking book sheds light on the role of ignorance in shaping ideas public opinion and policy Robert N Proctor author of *Golden Holocaust Origins of the Cigarette Catastrophe and the Case for Abolition* Historical Studies in Education *Revue d'histoire de l'éducation* **Dissed Trust** William

DeMersseman, 2010-09-30 Distrust of government is a natural response to a controlling and out of control bureaucracy The motivation for protest and reform is not animosity towards government and its legitimate functions but a love of America and a passionate desire to pass on to the next generation the innumerable blessings of liberty Citizens are frightened by the governments relentless growth unsustainable debt trajectory culture of corruption and encroachment of individual rights Critics of the tea party movement attempt to derail it with meritless claims of racism extremism bigotry conspiracy class warfare and malice The claims are ridiculous Tea party participants include members of every party social class ethnicity age and gender they hold varying views on a number of issues but share a deep appreciation for the limited constitutional government established by Americas founders They see Washingtons profligate spending imperious unaccountability and reprobate political environment as symptoms of a federal government that recognizes no limitations on its power They feel a civic responsibility to speak out and to work toward a return to constitutional governance and sound fiscal policy This is not a book about the tea party movement It is a book about the political economic and cultural upheavals fueling the movement the insanely escalating national debt the increasingly coercive and contemptuous political establishment the arrogant failure of

true political leadership and the pervasive assault on the society sustaining virtues of truth trust integrity morality freedom and civility

The Enigmatic Realm of **Answers American History Guided Activity**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
