Understanding and Teaching U.S. Lesbian, Gay, Bisexual, and Transgender History Leila J. Rupp, Susan K. Freeman, 2014-12-17 Understanding and Teaching U S Lesbian Gay Bisexual and Transgender History is the first book designed for teachers of U S history at all levels who want to integrate queer history into the standard curriculum Bringing together inspiring narratives from teachers in high schools and universities informative topical chapters about significant historical moments and themes and innovative essays about sources and interpretive strategies well suited to the history classroom this volume is a valuable resource for anyone who thinks history should be an inclusive story **Constructivist Education in an Age of Accountability** David W. Kritt, 2018-01-16 This book contrasts authentic approaches to education with classroom practices based primarily on standards external to the individuals who are supposed to learn While other books tend to promote either a desperate scramble for meeting standards or determined resistance to neoliberal reforms this book fills that gap in ways that will inspire practitioners prospective teachers and teacher educators Mandates pay only lip service to constructivist and social constructivist principles while thwarting the value of both students and teachers actively creating understandings Authors in this book assert the central importance of a range of constructivist approaches to teaching learning and thinking inviting careful reflection on the goals and values of education On Developing Readers Marge Scherer, 2016-04-15 This collection of articles on the teaching of reading pulls together some of the best and most clicked on articles on reading that Educational Leadership has published in the past few years from more than a dozen of the most respected experts in the field including Richard L Allington Nell K Duke and Sally E Shaywitz The articles cover what research says about the teaching of both reading and reading comprehension from teaching phonics to improving fluency to tackling complex texts On Developing Readers offers strategies for teaching informational texts as well as fiction Most important it also addresses how to inspire the love of reading Resources in Education , 1998 **The Knowledge Gap** Natalie Wexler, 2019-08-06 Essential reading for teachers education administrators and policymakers alike STARRED Library Journal The untold story of the root cause of America s education crisis It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country s frustrating lack of progress when it comes to providing every child with a quality education The problem wasn t one of the usual scapegoats lazy teachers shoddy facilities lack of accountability It was something no one was talking about the elementary school curriculum s intense focus on decontextualized reading comprehension skills at the expense of actual knowledge In the tradition of Dale Russakoff s The Prize and Dana Goldstein s The Teacher Wars Wexler brings together history research and compelling characters to pull back the curtain on this fundamental flaw in our education system one that fellow reformers journalists and policymakers have long overlooked and of which the general public including many parents remains unaware But The Knowledge Gap isn t just a story of what schools have gotten so wrong it also follows innovative educators who are in the process of shedding

their deeply ingrained habits and describes the rewards that have come along students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed If we truly want to fix our education system and unlock the potential of our neediest children we have no choice but to pay attention **Bulletin - National Council for the Social Studies** National Council for the Social Studies,1978 **Education Is Upside-Down** Eric Kalenze,2014-10-08 Education Is Upside Down cuts through adjustments being made at technical levels of educational practice and accountability challenging ideals and philosophies that have powered American Education for most of the last century This book explains how and why long standing approaches generate flawed instructional practices flawed systemic reform efforts and a fundamental misalignment between the educational institution and the society it is missioned to serve Education Is Upside Down urges readers wishing to improve American Education to more carefully consider the institution s central mission challenge long accepted truths of practice and question current reform efforts and actions In full Education Is Upside Down resists the practitioner vs reformer blame game seeking ultimately to carefully untangle not tighten by yanking on any single strand the long complicated knot of American Education **Social Studies Review** ,2003 Introduction to Educational Measurement Victor Herbert Noll,Dale Paul Scannell,Robert C. Craig,1979 Praxis II Joan U. Levy,1996 The first choice of prospective teachers for three decades this superior study guide offers in depth preparation for the NTE Core Battery and other teacher licensing exams in the Praxis II series The guide has been expanded to cover the new Multiple Subjects Assessment for Teachers MSAT test required in California Includes three full length practice tests for the NTE Core Battery and 20 sample NTE Specialty Area tests Illustrations **Curriculum Review** ,1978 **East European Accessions Index** ,1961 **Scientific American** ,1892 **Government Reports Announcements & Index** ,1980 *East European Accessions List* Library of Congress.
