Analysing Police Interviews Laughter Confessions And The Tape Elisabeth Carter:

Analysing Police Interviews Elisabeth Carter, 2011-12-01 *Children in Police Custody* Miranda Bevan, 2024-01-04

Drawing on the first comprehensive study in England and Wales to review the police custody process from the perspective of children Bevan traces the child's journey from arrest through detention and interview to release or remand. A rights-based approach is used to evaluate the effectiveness of the protection under the present legal framework. *The Discourse of Police Interviews* Marianne Mason, Frances Rock, 2020-04-07 Forensic linguistics or the study of language and the law is a growing field of scholarly and public interest with an established research presence. *The Discourse of Police Interviews* aims to further the discussion by analyzing how police interviews are constructed and used to investigate and prosecute crimes. The first book to focus exclusively on the discourses of police interviewing, *The Discourse of Police Interviews* examines leading debates, approaches and topics in contemporary police interview research. Among other topics, the book explores the sociolegal, psychological and discursive framework of popular police interview techniques employed in the United States and the United Kingdom, such as PEACE and Reid, and the discursive practices of institutional representatives like police officers and interpreters that can influence the construction and quality of linguistic evidence. Together, the contributions situate the police interview as part of a complex and multistage criminal justice process. The book will be of interest to both scholars and practitioners in a variety of fields such as linguistic anthropology, interpreting studies, criminology, law and sociology.

Discursive Constructions of Consent in the Legal Process Susan Ehrlich, Diana Eades, Janet Ainsworth, 2016-01-04

As a linguistically grounded critical examination of consent, this volume views consent not as an individual mental state or act but as a process that is interactionally and discursively situated. It highlights the ways in which legal consent is often fictional at best due to the impoverished view of meaning and the linguistic ideologies that typically inform interpretations and representations in the legal system. The authors are experts in linguistics and law who use diverse theoretical and analytical approaches to examine the complex ways in which language is used to seek, negotiate, give or withhold consent in a range of legal contexts. Authors draw on case studies or larger research corpora or a wider sociolegal approach in investigations of police-citizen interactions in the street, police interviews with suspects, police call handlers, rape and abduction trials.

interactions with lay litigants in a multilingual small claims court, a restorative justice sentencing scheme for young offenders, biomedical research and legal disputes over contracts. *Handbook of Pragmatics* Jef Verschueren, Jan-Ola

Pragmatics of Discourse Klaus P. Schneider, Anne Barron, 2014-06-18 Discourse is language as it occurs in any form or context beyond the speech act It may be written or spoken monological or dialogical but there is always a communicative aim or purpose The present volume provides systematic orientation in the vast field of studying discourse from a pragmatic

perspective It first gives an overview of a range of approaches developed for the analysis of discourse including among others conversation analysis systemic functional analysis genre analysis critical discourse analysis corpus driven approaches and multimodal analysis The focus is furthermore on functional units in discourse such as discourse markers moves speech act sequences discourse phases and silence The final section of the volume examines discourse types and domains providing a taxonomy of discourse types and focusing on a range of discourse domains e g classroom discourse medical discourse legal discourse electronic discourse Each article surveys the current state of the art of the respective topic area while also presenting new research findings

How the Police Generate False Confessions James L. Trainum, 2016-07-15 Despite the rising number of confirmed false confession cases most people have a hard time grasping why someone would confess to a crime they did not commit or even why a guilty person would admit to something that could put them in jail for life How the Police Generate False Confessions takes you inside the interrogation room exposing the tactics that law enforcement uses to make confessions happen James L Trainum reveals how innocent people can become suspects and then confessed criminals even when they have not committed a crime Using real stories he looks at the inherent coerciveness of the interrogation process and why so many false confessions contain so many of the details that only the true perpetrator would know More disturbingly the book examines how these same processes corrupt witness and victim statements create lying informants and cooperators and induce innocent people to plead guilty Trainum also offers recommendations for change in the U S by looking at how other countries are changing the process to prevent such miscarriages of justice The reasons that people falsely confess can be complex and varied throughout How the Police Generate False Confessions Trainum encourages readers to critically evaluate confessions on their own by gaining a better understanding of the interrogation process

The Dynamics of Interactional Humor Villy Tsakona, Jan Chovanec, 2018-01-05 This book deals with the construction of diverse forms of humor in everyday oral written and mediatized interactions It sheds light on the differences and most importantly the similarities in the production of interactional humor in face to face and various technology mediated forms of communication including scripted and non scripted situations The chapters analyze humor related issues in such genres as spontaneous conversations broadcast dialogues storytelling media blogs bilingual conversations stand up comedy TV documentaries drama series family sitcoms Facebook posts and internet memes The individual authors trace how speakers collaboratively circulate reconstruct and re frame either personal or public accounts of reality aiming among other things to produce and or reproduce humor Rather than being finished products with a single interpretation humorous texts are thus approached as dynamic communicative events that give rise to diverse interpretations and meanings The book draws on a variety of up to date approaches and methodologies and will appeal to scholars in discourse analysis conversation analysis interactional sociolinguistics pragmatics ethnography of communication and social semiotics
