and Social Justice Kristien Zenkov, Diane Corrigan, Ronald S. Beebe, Corey R. Sell, 2013-10-22 This book extends the national discussion about the Professional Development School PDS movement of the past three decades. The volume highlights school-university partnerships that focus on collaborative activities that endeavor to promote social justice in and across PK-12 and university classrooms, educational institutions, and communities. Professional Development Schools and Social Justice Schools and Universities Partnering to Make a Difference guides veteran teachers, undergraduate and graduate pre-service teachers, and university faculty to understand how the PDS model might be oriented toward social justice ideals. Co-authored by school and university-based educators, each chapter details the social justice work of specific partnerships and provides concrete instructional and curricular methods for application within both teacher education and PK-12 settings. Readers are provided insight into a range of elements of Professional Development Schools, including the development of PK-12 and teacher education curricula, processes of program implementation, and research and data collection. **PLCs, DI, & RTI** Judy Stoehr, Maria Banks, Linda Allen, 2011-06-07 Rather than buying individual books about professional learning communities, PLCs, differentiated instruction, DI, and Response to Intervention, RTI, invest wisely in one resource that synthesizes all three. This text uses a tapestry analogy to weave together these critical topics to form a comprehensive framework for achieving continuous school improvement. The result is a stronger foundation for administrators' leadership direction and teachers' instructional decisions based on utilizing PLCs' framework for sharing new strategies and understandings, discussing data collected through assessments, and evaluating data against benchmarks. Included are walk-through checklists, learning style surveys, and examples that illustrate practical strategies for integrating DI and RTI and collaborating with colleagues to assess student learning and adapt instruction and interventions. This timely resource efficiently provides all the information you need to optimize instruction for outstanding results. **Striking a Balance** Nancy L.
