This study guide addresses the most frequently encountered topics from the last 10 years of examinations. It helps surgical trainees organise their studies and optimise their performance in what is reputedly one of the most rigorous postgraduate exams. The general surgery fellowship tests clinical wisdom, judgement, insight and safe practice, and Examination Surgery's preparation material accurately reflects what you will encounter in the exam. Arranged to mirror the exam's individual components, Examination Surgery is divided into the following sections: The written papers, Clinical viva voces, Surgical anatomy viva voce, Operative surgery viva voce, Pathophysiology and critical care, and clinical reasoning viva voce. This Elsevier study guide is aimed at candidates preparing for the Fellowship Examination in General Surgery of the Royal Australasian College of Surgeons. It is however also relevant for candidates in the UK, Ireland, Canada, South Africa, and Hong Kong, plus all general surgeons, surgical residents, and medical students.

Master Medicine: Clinical Anatomy Dr. W. Stanley Monkhouse, 2007-02-16. This title is directed primarily towards health care professionals outside of the United States. It is a short, highly readable and well-illustrated book on anatomy approached from the point of view of what medical students need to know in order to understand the clinical work they will eventually be doing. Includes a great variety of self-assessment to reinforce the messages and to test understanding and to help students prepare for exams. Concise synoptic not telegraphic text. Appropriate self-assessment material. Only covers core, so student knows the whole book is essential. Includes key objectives. Contains simple and memorable diagrams for reproduction in exams. Ideal for learning as well as examination review, specifically trying to stimulate the student into assessing his/her own knowledge. The books in the series both complement other available major texts but also contain enough material to stand in their own right. Provides examination practice. Part of a coordinated series. Contents refined to reflect core knowledge. Major revision of self-assessment material to
