Historical Dictionary of Mesoamerica Walter R. T. Witschey, Clifford T. Brown, 2012 Mesoamerica is one of six major areas of the world where humans independently changed their culture from a nomadic hunter gatherer lifestyle into settled

communities cities and civilization In addition to China twice the Indus Valley the Fertile Crescent of southwest Asia Egypt and Peru Mesoamerica was home to exciting and irreversible changes in human culture called the Neolithic Revolution The changes included domestication of plants and animals leading to agriculture husbandry and eventually sedentary village life These developments set the stage for the growth of cities social stratification craft specialization warfare writing mathematics and astronomy or what we call the rise of civilization These changes forever transformed humankind The Historical Dictionary of Mesoamerica covers the history of Mesoamerica through a chronology an introductory essay an extensive bibliography and over 900 cross referenced dictionary entries covering the major peoples places ideas and events related to Mesoamerica This book is an excellent access point for students researchers and anyone wanting to know more about Mesoamerica

Migration in World History Patrick Manning, Tiffany Trimmer, 2020-05-04 In this third edition of Migration in World History Patrick Manning presents an expanded and newly coherent view of migratory processes conveying new research and interpretation The engaging narrative shows the continuity of migratory processes from the time of foragers who settled the earth to farmers opening new fields and merchants linking purchasers everywhere In the last thousand years accumulation of wealth brought capitalism industry and the travels of free and slave migrants In a contest of civilizational hierarchy and movements of emancipation nations arose to replace empires although conflicts within nations expelled refugees The future of migration is now a serious concern The new edition includes An introduction to the migration theories that explain the shifting patterns of migration in early and recent times Quantification of changes in migration including international migration domestic urbanization and growing refugee movements A new chapter tracing twenty first century migration and population from 2000 to 2050 showing how migrants escaping climate change will steadily outnumber refugees from other social conflicts While migration is often stressful it contributes to diversity exchanges new perspectives and innovations This comprehensive and up to date view of migration will stimulate readers with interests in many fields

The Neighborhood as a Social and Spatial Unit in Mesoamerican Cities M. Charlotte Arnauld, Linda R. Manzanilla, Michael E. Smith, 2012-12-01 Recent realizations that prehispanic cities in Mesoamerica were fundamentally different from western cities of the same period have led to increasing examination of the neighborhood as an intermediate unit at the heart of prehispanic urbanization This book addresses the subject of neighborhoods in archaeology as analytical units between households and whole settlements The contributions gathered here provide fieldwork data to document the existence of sociopolitically distinct neighborhoods within ancient Mesoamerican settlements building upon recent advances in multi scale archaeological studies of these communities Chapters illustrate the cultural variation across Mesoamerica including data and interpretations on several different cities with a thematic focus on regional contrasts This topic is relatively new and complex and this book is a strong contribution for three interwoven reasons First the long history of research on the Teotihuacan barrios is scrutinized and withstands the test of new evidence and comparison with other

Mesoamerican cities Second Maya studies of dense settlement patterns are now mature enough to provide substantial case studies Third theoretical investigation of ancient urbanization all over the world is now more complex and open than it was before giving relevance to Mesoamerican perspectives on ancient and modern societies in time and space This volume will be of interest not only to scholars and student specialists of the Mesoamerican past but also to social scientists and urbanists looking to contrast ancient cultures worldwide

Gods of Thunder Timothy R. Pauketat, 2023 A sweeping account of Medieval North America when Indigenous peoples confronted climate change Few Americans today are aware of one of the most consequential periods in ancient North American history the Medieval Warm Period of seven to twelve centuries ago AD 800 1300 CE On every page of this book readers will be led down the same paths walked by Indigenous people a millennium ago some trod by Spanish conquistadors just a few centuries later The book will follow the footsteps of priests pilgrims traders and farmers who took great journeys made remarkable pilgrimages and migrated long distances to new lands Along the way readers will discover a new history of a continent that like today was being shaped by climate change or controlled by ancient gods of wind and water Through such elemental powers the history of Medieval America was a physical narrative a long term natural and cultural experience in which Native people were entwined long before Christopher Columbus arrived or Hernan Cortes conquered the Aztecs The book's dozen chapters cover a lot of ground focusing on some remarkable parallels between pre contact American civilizations separated by a thousand miles or more Key archaeological sites are featured in every chapter all of which link in an evidentiary trail a great religious movement that swept Mesoamerica the Southwest and the Mississippi valley sometimes because of worsening living conditions and sometimes by improved agricultural yields thanks to global warming a thousand years ago

Technology and Tradition in Mesoamerica after the Spanish Invasion Rani T. Alexander, 2019-03-15 This impressive collection features the work of archaeologists who

systematically explore the material and social consequences of new technological systems introduced after the sixteenth century Spanish invasion in Mesoamerica It is the first collection to present case studies that show how both commonplace and capital intensive technologies were intertwined with indigenous knowledge systems to reshape local regional and transoceanic ecologies commodity chains and political social and religious institutions across Mexico and Central America

Settlement Ecology of the Ancient Americas Lucas C. Kellett, Eric Jones, 2016-10-04 In this exciting new volume several leading researchers use settlement ecology an emerging approach to the study of archaeological settlements to examine the spatial arrangement of prehistoric settlement patterns across the Americas Positioned at the intersection of geography human ecology anthropology economics and archaeology this diverse collection showcases successful applications of the settlement ecology approach in archaeological studies and also discusses associated techniques such as GIS remote sensing and statistical and modeling applications Using these methodological advancements the contributors investigate the specific social cultural and environmental factors which mediated the placement and arrangement of different sites Of particular relevance to scholars of landscape and settlement archaeology **Settlement Ecology of the Ancient Americas** provides fresh insights not only into past societies but also present and future populations in a rapidly changing world

Mockeries and Metamorphoses of an Aztec God Guilhem Olivier, 2003 This is a masterful study of Tezcatlipoca one of the greatest but least understood deities in the Mesoamerican pantheon An enigmatic and melodramatic figure the Lord of the Smoking Mirror was both drunken seducer and mutilated transgressor and although he severely punished those who violated pre Columbian moral codes he also received mortal confessions A patron deity to kings and warriors as well as a protector of slaves Tezcatlipoca often clashed in epic confrontation with his enemy brother Quetzalcoatl the famed Feathered Serpent Yet these powers of Mesoamerican mythology collaborated to create the world and their common attributes hint toward a dual character In a sophisticated and systematic tour through the sources and problems related to Tezcatlipoca s protean powers and shifting meanings Olivier guides the reader skilfully through the symbolic names of this great god from his representation on skins and stones to his relationship to ritual knives and other related deities Drawing upon iconographic material chronicles written in both Spanish and the native Nahuatl and the rich contributions of ethnography **Mockeries and Metamorphoses of an Aztec God** like the mirror of Tezcatlipoca in which the fates of mortals were reflected reveals an important but obscured portion of the cosmology of pre Columbian Mexico

Teotihuacan Matthew Robb, 2017-09-26 Founded in the first century BCE near a set of natural springs in an otherwise dry northeastern corner of the Valley of Mexico the ancient metropolis of Teotihuacan was on a symbolic level a city of elements With a multiethnic population of perhaps one hundred thousand at its peak in 400 CE it was the cultural political economic and religious center of ancient Mesoamerica A devastating fire in the city center led to a rapid decline after the middle of the sixth century but Teotihuacan was never completely abandoned or forgotten the Aztecs revered the city and its monuments giving many of them the names

we still use today Teotihuacan City of Water City of Fire examines new discoveries from the three main pyramids at the site the Sun Pyramid the Moon Pyramid and at the center of the Ciudadela complex the Feathered Serpent Pyramid which have fundamentally changed our understanding of the city's history With illustrations of the major objects from Mexico City's Museo Nacional de Antropología and from the museums and storage facilities of the Zona de Monumentos Arqueológicos de Teotihuacan along with selected works from US and European collections the catalogue examines these cultural artifacts to understand the roles that offerings of objects and programs of monumental sculpture and murals throughout the city played in the lives of Teotihuacan's citizens Published in association with the Fine Arts Museums of San Francisco Exhibition dates de Young San Francisco September 30 2017 February 11 2018 Los Angeles County Museum of Art LACMA March June 2018
