Andrea Bocelli: The Gift of Enchanting the World Fabricio Sales Silva, 2025-03-07 I believe that life like music is made up of ups and downs moments of harmony and dissonance However it is in the most challenging notes that we find the true meaning of who we are I want to share with you something I've learned over the years it's not circumstances that define our destiny but how we choose to face them Life is not easy for anyone but you need to listen to the melody that exists within you No matter how many times the world tries to silence you you must keep singing playing living Believe me music is in everything in the smile of a child in the wind among the trees in the silence of a starry night When we understand this we realize that the beauty of life is not only in what we can see but in what we can feel Blindness has never been an impediment for me She taught me to see with the heart to listen to what life has to say even in the most subtle notes And that's what I wish for you that you find your own music that you never give up singing it and that in doing so you inspire others to find theirs

Story Without End Marcus Tempus, 2013-08-30 Marcus recently left a senior executive position and is adjusting to his new life as what a friend has labeled him a Renaissance man During this period of adjustment from profit and process driven almost manic activity to a more leisurely pace he is researching many interests to keep his brain active in order to maintain his sanity Among other things he is traveling extensively with his camera finding and enjoying many different experiences He is based in downtown Chicago and from there stays busy by working for some local charities and remains in touch with the world of business through the almost compulsory consultancy work expected from retired executives This aspect of his life is as near as he ever is likely to get to the state of normal His friends keep reminding him about the need to become grounded a condition he never wants to be in full time He finds travel and writing pleasurable ways to pass the time but do they feed the inner man As a financially independent and self-labeled man of the world he thinks not He has therefore set out on a quest to see if true love exists and if there is a soul mate out there just for him He has been close to true love a few times but so far he has not experienced the really deep emotional connection with another person that he believes exists He has yet to see it or find it which is why he has set out on a mission to see if he can find real deep true love To record his adventures and emotions he decided to write three books to help him find what he is looking for The first book 21 Days to Love has been published It explains the beginning of his mission which started with an intense and powerful love affair with Tina That relationship ended and shortly afterward he met Anastasia They went on a twenty-one day journey and fell in love with each other a little or maybe a lot This second book details his confusion at deciding who he is and where he is going as reflected in the title Story Without End The third book will be written in 2014 to document the outcome of this journey and if he did indeed find the love he is seeking The travel aspects of the first two books are largely
