Initial Training for History Teachers Alois Ecker, 2003-01-01 The Council of Europe's work on history teaching in secondary schools has three main thrusts curriculum development textbooks and teaching materials and teacher training which should take into account societal developments and the cultural needs of coming generations This pilot study is the first comparative study on the structures of initial training for history teachers to be carried out in several European countries Its aim is to provide information that will raise the level of professionalism not only of history teaching but also of teacher training Publisher's description

Dialogue and Deconstruction Diane P. Michelfelder, Richard E. Palmer, 1989-07-03 Before the encounter in 1981 between Hans Georg Gadamer and Jacques Derrida there had been virtually no confrontation or dialogue between hermeneutics in Germany and post structuralism in France nor has there been since then Part I of this book makes available for the first time in English the complete texts of the encounter at the Goethe Institute in Paris This exchange raised such issues as Gadamer's relation to psychoanalytic interpretation the questionability of texts Heidegger's reading of Nietzsche and the dialogical aspect of language Part II offers further reflections by Gadamer on the encounter itself and its relation of hermeneutics to deconstruction Among the issues covered are Derrida's interpretation of *Destruktion* in Heidegger Derrida's attack on logocentrism in Heidegger's interpretation of Nietzsche and the relation of Heidegger hermeneutics and deconstruction to dialectic Part III offers commentaries on the encounter from a variety of perspectives The authors assess the original encounter as well as Gadamer's subsequent reflections on it

Encountering God Andrew Purves, Charles Partee, 2000-01-01 Purves and Partee discuss theology's relevance to personal life and Christian faith from an evangelical perspective and through the lens of the Reformed tradition *Encountering God* focuses on basic issues of Christian faith as they are filtered through contemporary experience the merits of doctrine God Jesus faith justification sanctification salvation sin predestination lamentation hope and joy

An Answer to the Lust for the Divine Eureka Circe, 2025-10-23 What happens when theology takes lust seriously not as a danger but as a source of love dignity and faith Lust am G ttlichen Lust for the Divine accompanies readers through three times seven days of Christological and sensitive theology and its practical consequences for the church from a new reading of the Bible to culture and liturgy to exciting topics of discussion such as the ordination of women marriage for all before the altar and freedom of conscience The series bridges the gap between official doctrine and lived reality and advocates for a sexual ethic that remains faithful to the Gospel and respects the reality of life human centred lust friendly and life affirming The first part lays the foundations for a lust for the divine the following parts show how the frame of creation order shifts to creation diversity and what consequences this has for sacraments language pastoral care and canon law The book invites an objective clear and effective dialogue with respect for tradition and clear words for a church that understands diversity as a gift and respects incarnation physically This volume covering days 8-14 systematically applies theological principles it shows how the Church's

interpretative framework has shifted from a fixed order of creation to a diversity of creation theologically biblically and critically in terms of power Paul is read as a liberator from normative categories grace before law and pastoral consequences are drawn from this The church's conflict with lust is analysed in detail from the history of hostility towards lust to today's double standards and ways out of fear At the same time the question is asked how premarital sex can be interpreted as a possible place of grace and sacred intimacy with the striking thesis It is not marriage that sanctifies sexuality but lived sexuality can also sanctify marriage because grace cannot be monopolised The natural law argument natural order is questioned in relation to the Bible biology and experience and instead of communion barriers an invitation to the Eucharist should be extended

Disability in the Christian Tradition Brian Brock, John Swinton, 2012-09-06 This title brings together the views of renowned Christian thinkers throughout history 14 contemporary experts in theology and disability studies guide readers through each era or group of thinkers offering clear commentary and highlighting important themes

Whose History? Grant Rodwell, 2013 Somebody once quipped that any work of Australian historical fiction is a burning fuse travelling over decades through Australian culture and society In some manner every newly published Australian historical novel is connected to what it has preceded Each work belongs to a proud history Through multiple examples Grant Rodwell encourages readers to see how a work of historical fiction has evolved Thus under various themes WHOSE HISTORY examines the traditions in Australian historical fiction and ponders how Australian historical novels can engage teachers and student teachers WHOSE HISTORY aims to illustrate how historical novels and their related genres may be used as an engaging teacher learning strategy for student teachers in pre service teacher education courses It does not argue all teaching of History curriculum in pre service units should be based on the use of historical novels as a stimulus nor does it argue for a particular percentage of the use of historical novels in such courses It simply seeks to argue the case for this particular approach leaving the extent of the use of historical novels used in History curriculum units to the professional expertise of the lecturers responsible for the units
