The image displays a collection of mathematical reference materials, likely from a vintage textbook or a specialized reference book. The content is organized into several distinct sections, each with its own heading and layout.

- Top Left Section:** A table with multiple columns and rows, featuring a prominent header row in red. The text is small and dense, typical of a detailed data table.
- Top Right Section:** A table with a similar structure to the top left, but with a different header and content, also featuring a red header row.
- Middle Left Section:** A table with a single column of text, possibly a list of values or a sequence of numbers.
- Middle Right Section:** A table with a single column of text, similar to the middle left section.
- Bottom Left Section:** A table with a single column of text, continuing the list or sequence.
- Bottom Right Section:** A table with a single column of text, completing the list or sequence.

The overall design is functional and academic, with a focus on providing quick access to mathematical data and formulas. The use of color (red for headers) helps to distinguish between different sections and highlight important information.
