Making Gender in the Intersection of the Human and the Divine Thomas Donlin-Smith, Muhammad Shafiq, 2019-02-07

This collection of essays challenges the traditional patriarchal approach to sacred literature by highlighting gender parity in sacred texts and envisioning the rise of the matriarchy in the future. The authors redefine Biblical Greek words like *malakoi* and *arsenokoitai* used in condemnation of homosexuality and Quranic words like *darajah* and *qawwamun* used for establishing patriarchy. One author reexamines the role of the Nepalese Teej festival of fasting and worship of the god Shiva in promoting male hegemony in Hinduism. Other papers examine passages like Proverbs 31, the stories of Sarah and Rahab in the Bible, the role of Mary in the Quran, and the Dharmic conversion in chapter 27 of the Lotus Sutra. This book makes it clear that sacred literature is subject to human understanding as it evolves through space and time. Today, as more women are educated and actively engaged in political, economic, and social life, religions are challenged to redefine gender roles and norms.

Imagine for a moment a land where the possession of an English Bible was forbidden. Anyone caught carrying such propaganda was imprisoned and then burned. This land was not in a state of communism but rather its people believed in God and sought out heretics in God's name. Where and when did this land exist? It was England during the sixteenth century. Only the common people spoke the native English language. Generation after generation of these commoners sat inside the church house, unable to understand the Latin-speaking priest. From this spiritual darkness arose a few men who risked their lives, believing it was necessary for the people to read the English Bible in their native tongue. This book traces the history of these men and their works. Encyclopedia of World Scriptures Mary Ellen Snodgrass, 2024-10-17. From the time of human beginnings, holy words, chants, liturgy, and narratives have enabled individuals to communicate the mysteries of the universe. Bodies of liturgical composition had to survive oral transmission for centuries until calligraphers could inscribe them in pictograph, symbol, or coded cipher, or write them in words on stone, mural, scroll, parchment, or paper. Through repetitions of sacred speech and writing, couples enter holy wedlock, infants receive consecration and blessing, youths advance to adulthood.
