

Antigone (JEAN ANOUILH - 1944)

RÉSUMÉ

Tous les personnages de la pièce sont rassemblés au début de la pièce. L'un d'entre eux, le Prologue, se détache du groupe et s'adresse directement au public. Il présente rapidement les différents personnages, puis définit le thème et la situation initiale. Tous quittent alors la scène ; l'action commence.

Antigone, qui vient du dehors, rentre sur la pointe des pieds. Surprise par sa nourrice, elle prétend être allée se promener et tâche de rassurer la vieille femme partagée entre la colère, l'inquiétude et l'incompréhension. Entre alors Ismène qui s'étonne de trouver sa sœur déjà debout. Elle lui parle du projet qu'elles ont évoqué toutes deux la veille, le qualifie de folie, avoue son incapacité à le réaliser et sa peur. Ismène partie, Hémon entend de la bouche de sa fiancée Antigone un propos stupéfiant : celle-ci ne pourra pas l'épouser. C'est à Ismène revenue qu'Antigone avouera qu'elle a bravé l'interdit du roi Créon en recouvrant le corps de leur frère d'un peu de terre...

De son côté, Créon apprend du garde Jonas la stupéfiante nouvelle et se demande qui a pu être assez fou pour défier sa loi. Il ne peut que se perdre en conjectures. Après une intervention du Chœur qui a rappelé l'essence de la tragédie, Antigone est amenée devant Créon par les gardes qui affirment l'avoir prise sur le fait.

Créon et Antigone vont longuement s'entretenir et se faire face. Le roi essaie d'abord de sauver sa nièce qui n'est encore qu'une enfant. Devant son entêtement farouche d'idéaliste, il lui révèle les dessous sordides de l'affaire. Mais si Antigone est un moment ébranlée dans ses certitudes, elle refuse le bonheur médiocre que lui propose Créon. Elle préfère la mort et refuse à Ismène le droit de partager son sort.

Plus rien dorénavant ne peut sauver Antigone : ni l'intervention du Chœur, ni celle d'Hémon qui découvre en son père un cynique impuissant. Créon prononce la terrible condamnation : Antigone sera emmurée vivante. Elle n'a plus qu'à attendre la mort en compagnie du garde chargé de la surveiller...

La jeune condamnée vient à peine d'être emmenée au supplice qu'un messenger fait irruption. Il raconte la double mort d'Antigone qui s'est pendue et d'Hémon qui s'est suicidé avec l'épée de Créon. Le Chœur annonce alors à un Créon de plus en plus seul la mort d'Eurydice, sa femme. Il ne reste plus rien à celui qui est devenu un vieil homme désabusé sinon la réalité dérisoire de son métier de roi.

I - Sophocle et Anouilh

Admirateur des tragiques grecs, Anouilh connaissait bien l'*Antigone* de Sophocle, « lue et relue » de son propre aveu. Aussi trouve-t-on dans son *Antigone* moderne plus d'un emprunt à Sophocle. Anouilh a renoncé à la division en actes et scènes, fidèle en cela à la tragédie grecque qui ignore ce type de subdivisions. Le fondement de l'intrigue, ses éléments, sa progression et son dénouement sont semblables à ceux qu'a imaginés Sophocle. Même s'ils ont subi certaines altérations, les personnages majeurs de l'intrigue sont identiques chez les deux dramaturges.

Antigone De Sophocle Analyse:

La Désobéissance civile David Hiez, Bruno Villalba, 2008-09-08 La désobéissance civile constitue un défi au Droit et aux règles de la démocratie représentative La désobéissance civile s'enracine dans une histoire ancienne et complexe que notre société de plus en plus technicienne et individualiste réactive L'acte désobéissant connaît aujourd'hui un regain de vigueur s'appuyant sur de nouveaux registres de légitimité La contestation de la règle oblige les systèmes juridiques et politiques notamment nos démocraties représentatives pluralistes reformuler les fondements de l'obéissance du citoyen la loi C'est que contrairement aux contestations de type révolutionnaire la désobéissance civile est une remise en cause de la règle juridique d'autant plus complexe qu'elle ne se situe pas en dehors du système légal mais en son sein se revendiquant même comme une forme de participation démocratique la production de la norme Loin d'être un simple acte de négation de l'ordre politique elle se revendique comme une contribution dont l'expression est certes particulière l'extension du champ de la confrontation politique en dehors des arènes représentatives Ces interrogations relatives à la normativité ont déjà fait l'objet de recherches dans les diverses disciplines qui étudient le phénomène juridique La science politique a de son côté étudié le mécanisme en suivant les formes de mobilisation que connaît la figure du désobéissant En revanche il n'est pas habituel de les faire se rencontrer pour un travail interdisciplinaire et encore moins autour de la désobéissance civile Dans cette matière débats théoriques et action pratique sont si intimement mêlés il semble profitable de confronter ces deux points de vue Ce livre propose donc un changement et parfois contradictoire sur les raisons et fins de la désobéissance civile

Les lieux communs du roman Françoise Létoublon, 1993-01-01 The author uses an extensive study of the five Greek novels preserved by tradition to show how the novel form from its origins has been based upon the repetition of commonplaces which allows an interplay with the reader
