Antigone Quiz - Short Answer Responses

You may use any notes' materials, and your Antigone text on this quiz. But no devices, please.

1. How does the Setting (external world) contribute to a character's identity formation? Circle *one* character from below and complete a short answer response of a few sentences. (2 pts)

Antigone

Ismene

Creon

Haimon

2. Characterization: What is Antigone's inner and outer identity? How does she appear to the external world -- and how is she internally as a character? *Bullet points are fine. (2 pts total)*

Inner	
Outer	

3. How does this mismatch in inner/outer identities contribute to the conflict? Consider how ancient Greek culture also plays a role here. Complete a short answer response of a few sentences. (2 pts)

4. What factors contribute to Antigone's death? You may paraphrase, but use complete sentences in your short answer response. (1 pt)

Bonnie Honig

Antigone Is Short Answer Response Practice 1:

Antigone Efimia D. Karakantza, 2022-12-30 This book explores the figure of Antigone and her many reconceptualizations from antiquity to the present One of the most popular heroines of classical literature Antigone defied political authority to carry out the forbidden burial of her brother Readers will become familiar with the key themes of Antigone's story such as the law and politics gender and death tracing their survival and transformations over time Notably the book explores the thorough de politicization of the heroine in philosophy and psychoanalysis followed by a reversal and re politicization through feminist and socio political theories It provides a useful tool to approach postmodern receptions of Antigone in the arts and society in the modern era particularly in the contexts of occupied and civil war era Greece in Palestine and in Syrian refugee camps in Lebanon It also addresses issues of Antigone like struggles of individuals or collectivities to overcome obstacles of systemic and racialized violence and gender based oppression in the 21st century while challenging heteronormative practices and policies to allow new subjectivities to emerge Though Antigone's story is complex Karakantza provides an accessible fascinating overview of this enduring figure's legacy and impact over the course of history Antigone provides a comprehensive study of this classical heroine suitable for students and scholars of classical literature reception studies and gender studies It also appeals to theatre practitioners interested in adapting and staging Sophocles Antigone or any Antigone of the ancient sources

Antigone, Interrupted Bonnie Honig, 2013-05-02 Sophocles Antigone is a touchstone in democratic feminist and legal theory and possibly the most commented upon play in the history of philosophy and political theory Bonnie Honig's rereading of it therefore involves intervening in a host of literatures and unsettling many of their governing assumptions Exploring the power of Antigone in a variety of political cultural and theoretical settings Honig identifies the Antigone effect which moves those who enlist Antigone for their politics from activism into lamentation She argues that Antigone's own lamentations can be seen not just as signs of dissidence but rather as markers of a rival world view with its own sovereignty and vitality Honig argues that the play does not offer simply a model for resistance politics or equal dignity in death but a more positive politics of counter sovereignty and solidarity which emphasizes equality in life

Sophocles Jacques Jouanna, 2018-08-14 Here for the first time in English is celebrated French classicist Jacques Jouanna's magisterial account of the life and work of Sophocles Exhaustive and authoritative this acclaimed book combines biography and detailed studies of Sophocles plays all set in the rich context of classical Greek tragedy and the political social religious and cultural world of Athens's greatest age the fifth century Sophocles was the commanding figure of his day The author of Oedipus Rex and Antigone he was not only the leading

dramatist but also a distinguished politician military commander and religious figure And yet the evidence about his life has until now been fragmentary Reconstructing a lost literary world Jouanna has finally assembled all the available information culled from inscriptions archaeological evidence and later sources He also offers a huge range of new interpretations from his emphasis on the significance of Sophocles political and military offices previously often seen as honorary to his analysis of Sophocles plays in the mythic and literary context of fifth century drama Written for scholars students and general readers this book will interest anyone who wants to know more about Greek drama in general and Sophocles in particular With an extensive bibliography and useful summaries not only of Sophocles extant plays but also uniquely of the fragments of plays that have been partially lost it will be a standard reference in classical studies for years to come *Explicit English Teaching* Tom Needham,2023-04-05 If you read this book early in your career you won t need to go on the ten year mission I did to find this all out for myself and work out how to apply it You have a clear road map here take it Amazon review How can you take ideas from cognitive science and explicit instruction and use them to enhance teaching and learning in your secondary English lessons Based on contemporary research findings and supported by a range of classroom examples this accessibly written book demonstrates how cognitive load theory Rosenshine s Principles of Instruction explicit instruction and broader cognitive science ideas can be applied to the teaching of English in secondary schools Key topics include Explicit teaching of grammar and writing Deliberate practice to improve student writing Broadening students vocabularies A guide to instructional sequencing Tom Needham has been teaching for over fifteen years and currently teaches English in South London **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1955 **The Politics of Appropriation** Jason Geary,2014 This book explores the intersection of music and Hellenism in nineteenth century Germany It shows how productions such as that of the Prussian court of Sophocles Antigone with music by Felix Mendelssohn reflect an effort by the rulers who commissioned them to appropriate the legacy of Greece for the creation of a German cultural and national identity
