Urban ethnography about gender change Madrid in the 1990s was a lively place This book presents ethnographic examples and analyses of the way gender meanings were changing The context is middle class comparisons are made with an earlier work in a working class area of Valencia The theoretical focus is on processes of cultural change using mainly speech in natural situations as the empirical base since talking is one form of doing The historical and social background is also described Madrilenian conversations were full of examples from all walks of life and personal situations The historical moment was one of change from an authoritarian society to a more democratic one These larger circumstances were often symbolized in terms of gender issues A common idea in Madrilenian discussions was that women should be or become persons This use of the concept person has little to do with individualism or psychology It was rather an everyday way of expressing opposition to essentialized and hierarchical categorizations The phrase meant that a person is an active human

being who refuses to be categorized by others whereas a woman must look and behave so that her gender is clearly contrasted to that of a man And this it was thought places women at a disadvantage But there were also those who thought that a woman can only be a person if she is a woman first The Magic of Golf at Hook's Hideaway Anne Braun,2020-06-26 What starts as a visit to a new driving range with Dad turns into a summer full of the most unexpected adventures Run and inhabited by a cast of colourful characters Eric soon discovers that there is something uniquely special about Hook s Hideaway With the help of the Golden Keys he sets out on magical quests through a secret underground tunnel system where he will learn many amazing lessons about golf life and himself **Sent to the USA** Sebastian "Chany" Almazan,2015-09-09 Sebastian Chany Almazan was born in Cienfuegos Cuba on August 9 1945 The day the atomic bomb was dropped in Nagasaki Japan Little did he know the role war was going to play in his life Chany enjoyed a carefree life as a child in his beach town He lived like Huckleberry Finn from the pages of Mark Twain On April 21 1961 the Bay of Pigs attack failed to liberate Cuba from communism His parents decided to look after Chany s future and they told their 15 year old son that he was going to be SENT to the USA Chany arrived at Miami Florida on September 12 1961 as a Pedro Pan Child A movement created by the Catholic Church with the US Government and some antirevolutionaries in Cuba that brought over 14 000 unaccompanied children from Cuba to the US in the early sixties He struggled in Puerto Rico where he was sent to live with a distant relative He was working during the day for 65 cents an hour at a loading dock while attending evening school to finish his High School When he finished High School in 1963 he moved to Virginia to attend Va Tech and become an architect He studied during the day while working at night He graduated in December 1968 and was drafted into the US Army in February 1969 Sebastian did not start living a normal civilian life until 1971 The issues he had to face in order to achieve the American Dream are unique and worth reading about *Vanity Fair* T.G.
